

A-STAR MUSIC Triangle

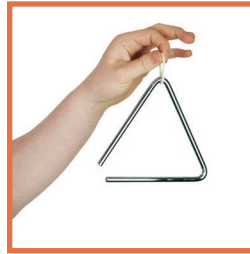

Educational products and accessories are our passion at A-Star Music. With our huge range of handheld percussion and early years products, our mission is to bring affordable entertainment to classrooms, workshops and households.

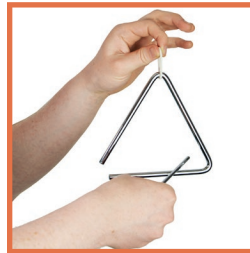

A-STAR MUSIC

How to Play

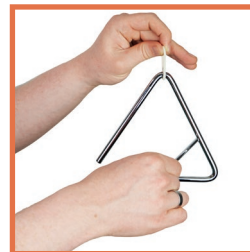

- 1 Hold the triangle by the holder in your non-dominant hand.

- 2 Strike the triangle by bouncing the beater off the frame in the closed bottom corner.

- 3 To create a two or three way roll, strike different sides of the triangle continuously.

Did you Know?

Liszt composed a triangle Solo in his Piano Concerto No. 1 in 1949.

The triangle belongs to the Idiophone family of instruments.

Foo Fighters incorporated triangle solos into their 2008 stage show, famously at the O2 London.
