## HOW TO DETERMINE YOUR RING SIZE ?

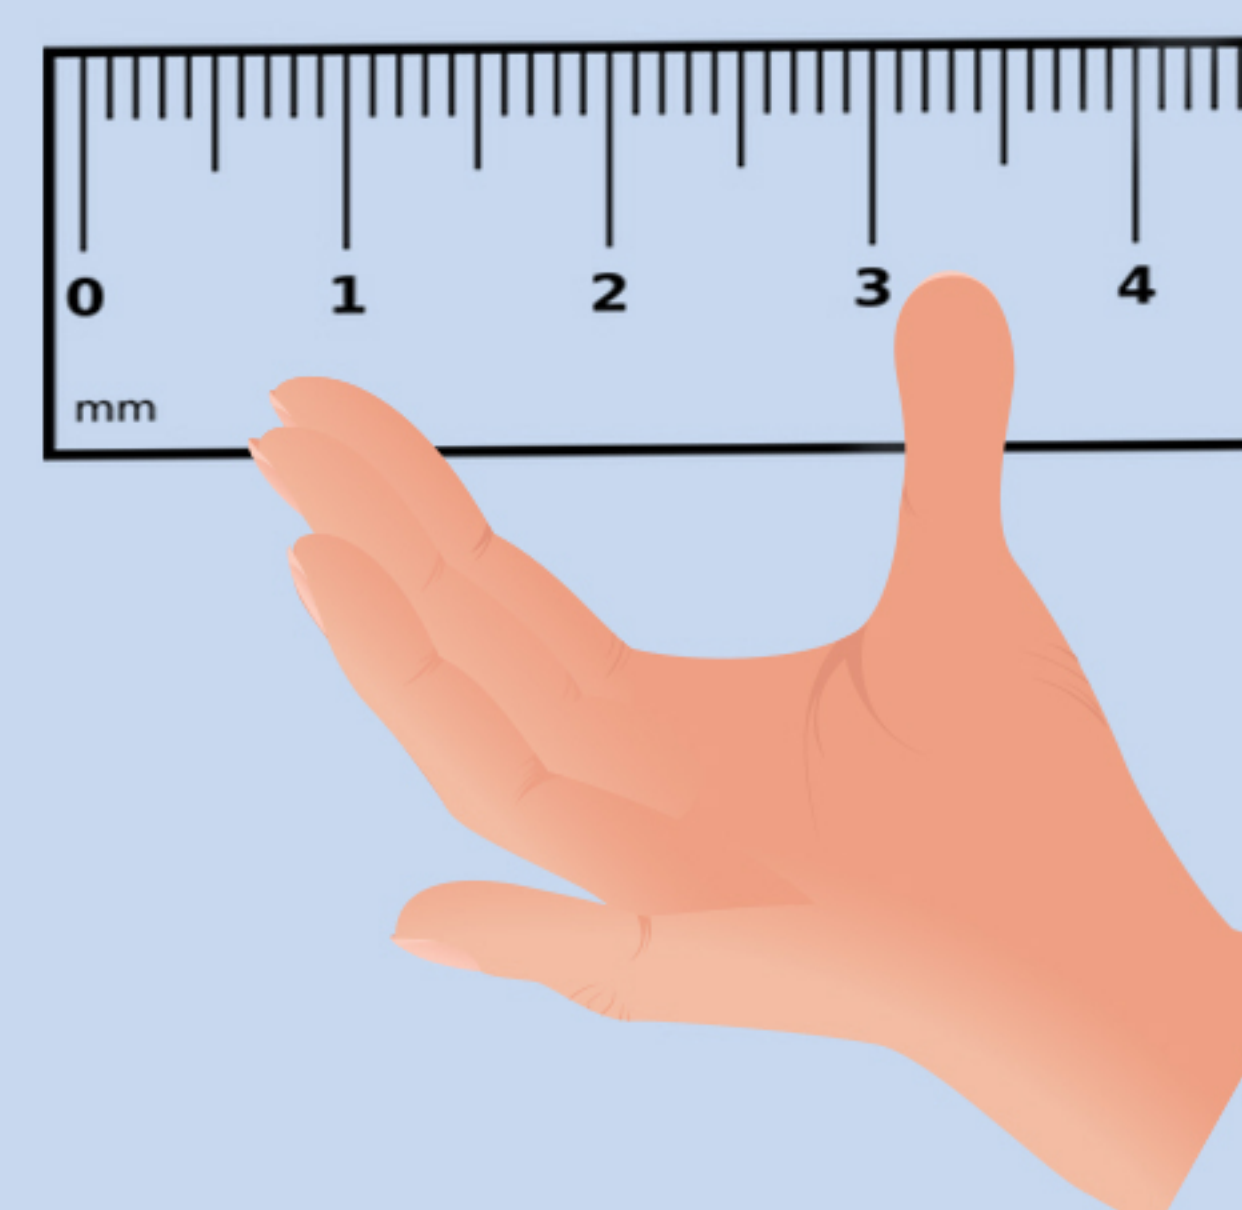

### METHOD 1 - Measuring the inner diameter of a ring

1. Take a ring that fits you perfectly.
2. Place a ruler horizontally across its centre and note the reading where the two ends of the inner circle touch the ruler, to get the exact measurement of the diameter in millimeter (mm).
3. Look up that diameter on this size chart to get the corresponding Indian Standard size.

### METHOD 2 - Measuring the circumference of your finger

1. Take a thread and wind it around the base of the finger on which you want to wear the ring. the loop should be loose enough to slide over your finger joints comfortably.
2. Cut the thread exactly where the ends meet.
3. Straighten it and place it against a ruler to get the measurement in millimeter (mm).
4. Look up that measurement on this size chart to get the circumference and the corresponding Indian Standard size.
