About us. Here at hghdistributor.com our purchasing power allows us to pass the saving on to you, we will beat any price from the competition, we guarantee to have the lowest price for all injectable HGH that is FDA approved. We carry the main brands, Norditropin, Genotropin, Humatrope and Xerendip. Also we can get special HGH products for you such as Saizen, Zomacton, and Serovital.

HGH injections are the most effective form of human growth hormone. HGH injections may be more costly than other forms of HGH since they are legitimate and available by prescription only. The daily cost of HGH injections may range anywhere between \$10 and \$100 per day and will vary based on your dosage and the HGH that is prescribed.

The total cost of hGH per IU or around \$18/IU for Norditropin or comparable brands. That means for a typical prescription of hGH, a patient can expect to get a full course of HGH replacement therapy for around \$550 per month. We are talking about genuine HGH, not peptides like Sermorelin or Ipamorelin. The oral tablets only have about an 8-9 hour half-life with a 16 hour active life. Splitting the dose is highly recommended. Instability increases side affects Cost of HGH Therapy Average Cost Per Month for Growth Hormone therapy really depends on where the patient gets their treatment. If patients get treated in the USA, they can expect to pay at the low end around \$1,295 monthly for growth hormone therapy like Norditropin. It may even be more depending on the dosage required for the patient.
