

# BLAZE DRIP TRAY FLAME GUARD

Blaze would like to introduce a new product that will be an amazing addition to your Blaze Grill. The Blaze Signature drip tray flame guard is a mesh insert that when placed in our drip tray, greatly reduces the chance of grease fire in the pan. This great safety tool can be inserted into ANY Blaze Grill!

The Blaze 4-Burner LTE Marine Grade Grill, now approved for multi-user settings, comes with this innovative flame guard included. With the frequent use of multi-user areas, this extra safety feature is great to have.
