A LUXE LIFESTYLE

OUR BRAND

Over three decades ago, visionaries Toni and Nikki embarked on a journey to redefine the art of beautiful gifting for both self-indulgence and sharing with others. Fuelled by a shared passion for distinctive aesthetics, their mission was to craft a narrative that authentically reflected modern femininity.

Thus, Tonic, a clever fusion of their names, emerged as a resounding testament to creativity, distinctiveness, and an unwavering commitment to cultivating a uniquely Australian brand.

At its core, Tonic celebrates the ethos of contemporary elegance, championing care, nurturing, beauty, and the joy of giving. Our passion lies in assisting women in cultivating a beautiful life enriched with moments of daily joy.

From its inception, Tonic has steadfastly focused on minimising its environmental footprint. Mindful curation of luxury lifestyle accessories avoids the use of animal products, and a conscientious effort has been made to minimise plastic packaging in the seamless transit of products from the manufacturing hub to the end consumer.

This commitment extends through every layer of our production process, from engaging with suppliers to managing supply chains, embodying our dedication to sustainable practices and ethical trade. The birth of Eco Tonic further underscores our unwavering dedication to fostering environmentally responsible and ethically sound business practices.

REVIEWS

'Finally, a cute yet practical means of storing my jewellery. This cube looks so pretty on my bedside table, no more unsightly clutter!'

Sarah VIC

'So handy for travel, I adore my Rachel cube. Unlike other jewellery boxes I've owned there's enough compartments to keep all my pieces'

Candice ACT

'A gift for my wife to take on our anniversary weekend away. She loves the floral print and keeps it on display at home'
