

The Nest Quick Start Guide

FLIP

the outer lip into the open position using your thumbs, exposing the spool.

POP

the earpieces into the protective inner compartment.

WRAP

the cord around the spool.

Note: for easiest removal, we recommend placing the 3.5mm plug inside the inner compartment when finished wrapping.

SNAP

the outer lip back into the closed position.

REMOVE

by grabbing the 3.5mm plug and pulling gently. The earbuds will effortlessly emerge, free of tangles.
