Token Box

The Token Box stores all the tokens of the game. Place the tokens as shown.

Component Storage #1

Take the Base Game Box and place Miniature Box #15 in the top left corner. Place a stack of map tiles next to it – it should have the same height as the box #15.

Component Storage #2

Place the remaining map tiles in a second stack.

Component Storage #3

Place Miniature Box #16 in the gap and the oversized map tile on top.

Component Storage #4

Place the Token Box in the lower left corner and the stack of big square map tiles in the lower right corner.

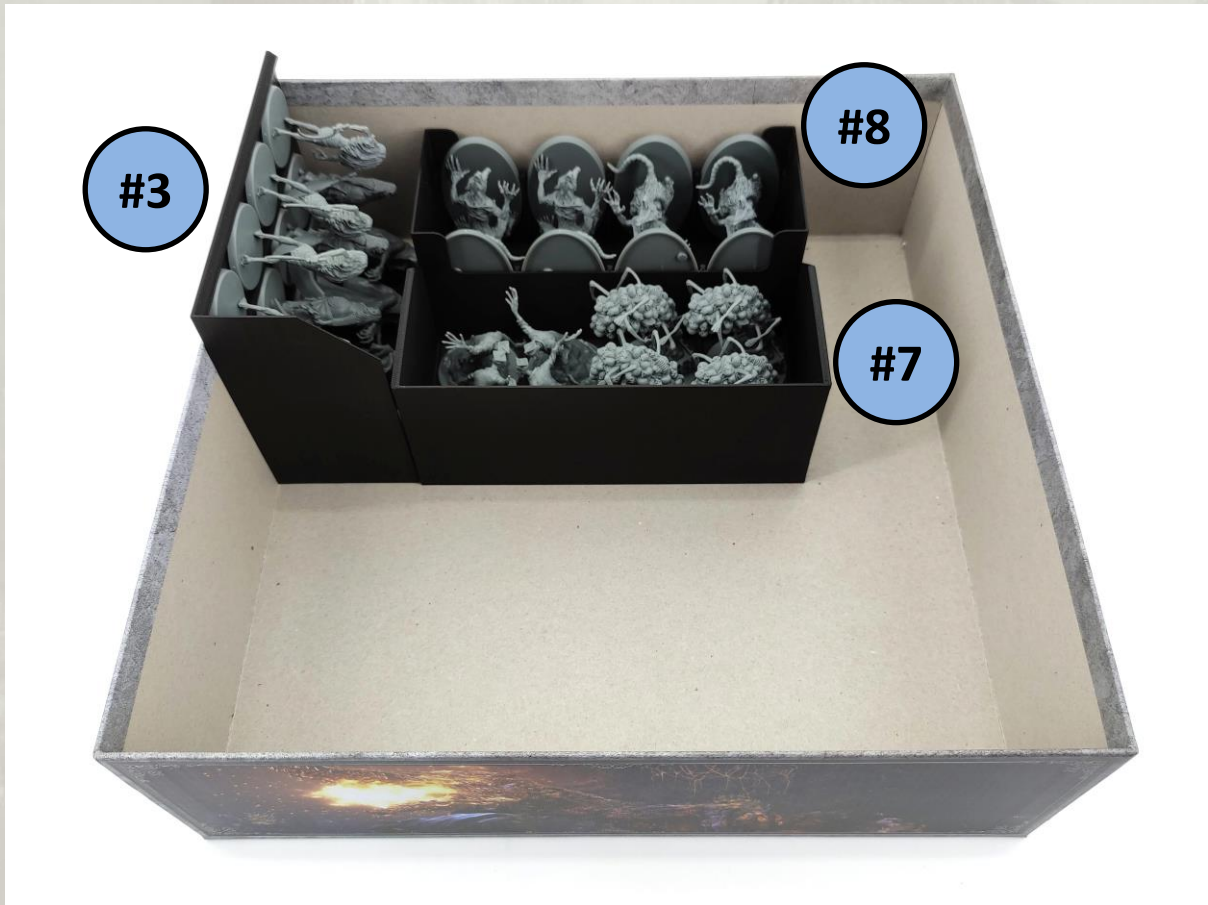

Component Storage #5

Place two even stacks of Trick Weapon Dashboards and on top of the map tiles.

Component Storage #6

Distribute the remaining components and rule books evenly on top.

Component Storage #7

Proceed with the Chalice Dungeon Box (or a box with a similar size); it will hold Miniature Boxes #1 – #9. Start with boxes #3, #7 & #8.

Component Storage #8

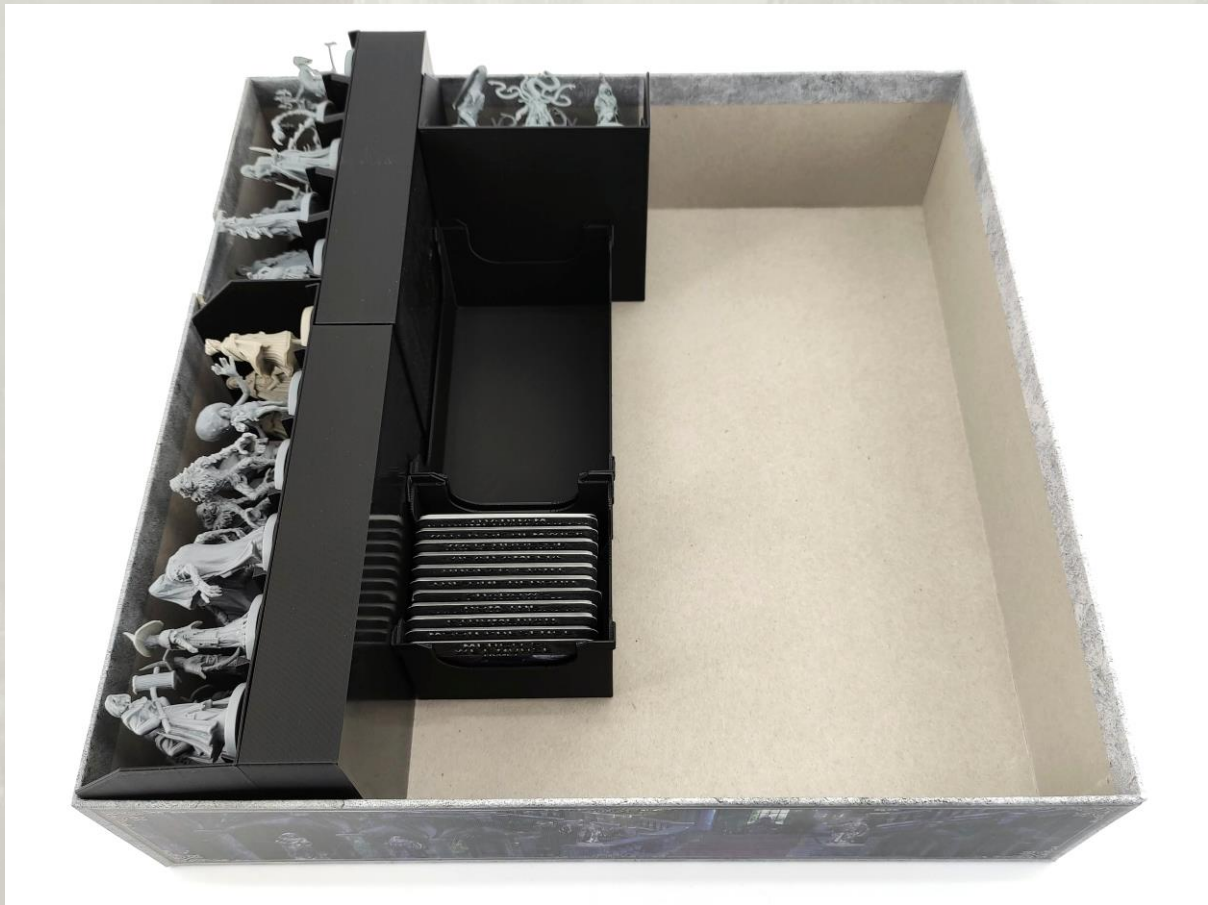

... and proceed with the remaining ones.

Component Storage #9

The Forsaken Cainhurst Castle Box (or a box with a similar size) will store the remaining Miniature Boxes and all Card Boxes.

Place Miniature Boxes #11 and #12 on the left side and #13 and #14 next to them.

Component Storage #10

Place Miniature Box #10 in the game box and the two bottom Card Boxes for small cards next to it.

Component Storage #11

Place both top Card Boxes for small cards on top of the other Card Boxes.

Component Storage #12

Add the Card Box for big cards and the smallest Card Box for medium cards to the box.
