### **Miniature Box**

Player Characters can be stored in the big tray, while all other miniatures (Farmers, Soldiers, etc.) can be stored in the smaller tray.

## Card Boxes

Use these Card Boxes to store all cards, using the dividers. Depending on which expansions you have, there are some dividers you will not need.

If one or more boxes are empty, when you are finished, keep blank cards or unused dividers in them, so they will be secured within the game box.

### **Component Storage #1**

Place the game board in the box.

## Component Storage #2

Place the miniature box and the token box like shown.

### Component Storage #3

Place the four card boxes like shown. Place the journals and the sewer tiles on top of the token box

## Component Storage #4

Place everything else on top.
