

LED ROPE LIGHTS

120 Volt 2-Wire 1/2" Omnidirectional

150',100',50' Spools

B-Blue, CW-Cool White, PK-Pink, G-Green, Y-Yellow
M-Multi, O-Orange, P-Purple, R-Red, WW-Warm White

PRODUCT INFORMATION:

Rope Lights Canada LED Rope lights consist of bright and durable LEDs encased in high quality PVC tubing and can be used in virtually any lighting application due to their extreme versatility. LED rope lights will save up to 80% in energy costs, last longer, and are almost indestructible compared to incandescent rope lights.

BENEFITS:

Durability - LED rope lights are known for their strength and flexibility. LED bulbs will last longer, hold up in cold weather, and are less prone to failure than incandescent rope lights.

Bend It - Brilliant LED rope lights use a premium UV resistant PVC that allows for enhanced flexibility, a tighter bend radius, making them easily adaptable to the most complicated projects.

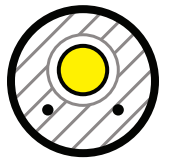

Efficient Longevity - LEDs drastically produce more light compared to incandescent, but only uses a fraction of the energy. You can realize up to 80% energy saving and expect a 3-times longer running life with LED rope lights.

SPECIFICATIONS

- Input: 120V AC
- Power Consumption: 0.96 Watts/ft
- Colors: Blue-B, Cool White-CW, Pink-PK, Green-G, Multi Colored-M, Orange-O, Purple-P, Red-R, Warm White-WW, Yellow-Y
- LED Count: 40 LEDs/m
- Lumen Output: 1.5 lumens/LED
- LED Spacing: 1.0"
- Light Output: Onmi-Directional
- Lifetime: 100,000 Hours
- Dimensions: 0.5" Diameter
- Materials: PVC with UV Protectant Additive
- Temperature rating: -60° F - 220° F
- Max run length: Standard power cord: 150'
- Min run length: Standard power cord: 5'
- Cutting Interval: 2.5 ft
- Ingress Protection: IP44 if cut (IP54 Sealed at factory)
- Dimmable: Yes, with LED compatible dimmer
- Warranty: 1 Years
