CATALOG 2024

DisplayLink

DisplayLink technology makes it simple to connect any display to any computer that supports USB. It provides a universal dock solution to all platforms that enables laptops and tablets to be connected to multiple external monitors, transfer audio, Ethernet, and more through a single USB port.

BEST FOR: OFFICE WORK / GENERAL USE

MIXED ENVIRONMENT SOLUTIONS

Compatible with Windows, macOS and ChromeOS. Install the latest DisplayLink USB Graphics drivers and expand the capabilities of your system.

DISPLAYLINK

VT1100 USB-A DUAL DISPLAY DOCK PN: 901693

Add up to 2 x 1440p displays, 3 x USB-A, Audio, Microphone, and Ethernet

DISPLAYLINK

VT4510 USB-C DUAL 4K DOCK PN: 901484

Add up to 2 x 4K displays, 4 x USB-A, 2 x USB-C, Audio, Microphone, Ethernet, and 100W Power Delivery

DOCKING STATIONS

DP Alt Mode

USB-C can include support for external monitors via DP Alt Mode. Using this feature allows for transfer of DisplayPort signals over USB-C. DP Alt Mode docks use the onboard graphics processing of the system to output a DisplayPort video signal over USB-C. The number of displays and resolutions supported will depend on host system.

BEST FOR: PLUG N PLAY

DP ALT MODE

VT2900 USB-C DUAL SYSTEM KVM DOCK

GaN II Power Adapters

GaN II fast charging power adapters from VisionTek quickly charge your mobile phone or laptop with a tiny, ultra-portable form factor. VisionTek chargers are up to 60% smaller than standard USB-C chargers and offer the same or better charging performance.

Fast Charging

Power up your mobile life and charge your devices up to 3x faster. Spend less time plugged in and more time on the go. Support for USB-C PD 3.0 and PPS fast charging.

Optimized Heat Dissipation

Interlocking internal design and innovations in GaN II technology produce less heat and less waste energy.

Smart Real-Time Protection

Safeguard your connected devices with smart temperature monitoring and protection against overcurrent, overvoltage, overload and short circuiting.

Reduced Size

Up to 60% smaller and lighter than a standard USB-C charger thanks to the advancements of GaN II.

USB-C CHARGING

Universal Compatibility

Phones | Tablets | Notebooks and more

CHARGER

35W GaN II CHARGER

PN: 901534

Fast charge 2x USB-C devices at the same time up to 35W total power.

BEST FOR: PHONES AND TABLETS

Single Port: 35W
Dual Port: 20W + 15W

CHARGER

45W GaN II CHARGER

PN: 901535

Fast charge 2x USB-C devices at the same time up to 45W total power.

BEST FOR: PHONES, TABLETS, NOTEBOOKS

Single Port: 45W
Dual Port: 25W + 20W

CHARGER

65W GaN II CHARGER

PN: 901536

Fast charge 2x USB-C devices at the same time up to 65W total power.

BEST FOR: PHONES, TABLETS, NOTEBOOKS

Single Port: 65W
Dual Port: 45W + 20W

CHARGER

100W GaN II CHARGER

PN: 901537

Fast charge 2x USB-C and 2x USB-A devices at the same time up to 100W total power.

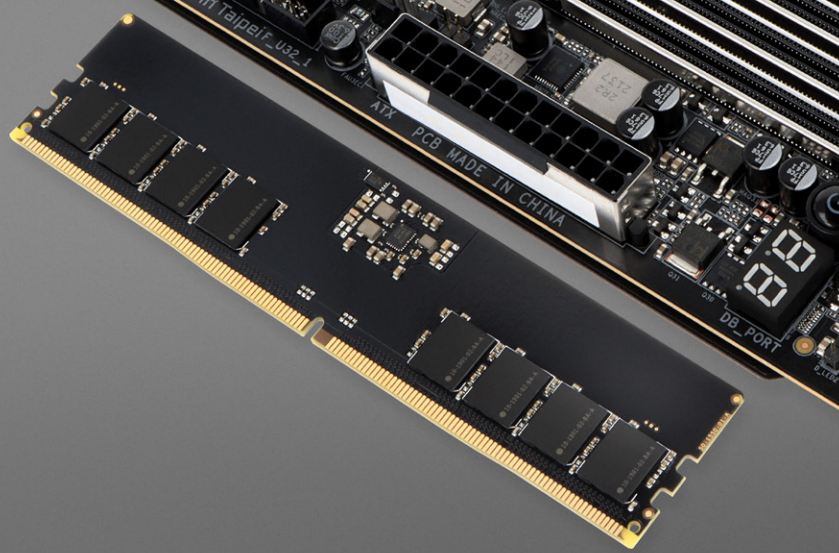

BEST FOR: PHONES, TABLETS, NOTEBOOKS

Single Port: 100W
Multi Port: 65W + 18W + 12W + 12W
