Welcome to the CTP Portal Upload Tool

[Upload eSubmitter File](#)

The Upload Tool allows you to upload and transmit submission packages generated using FDA's eSubmitter software. For additional details regarding the Upload Tool as well as instructions for downloading the FDA eSubmitter software, refer to the Upload Tool section of the CTP Portal Help module. Refer to the [eSubmission File Formats and Specifications](#) document for an overview of the technical file formats and data specifications related to submitting electronic files to CTP.

Please click the  icon next to the Status header for a brief explanation of the possible statuses for a given submission.
