

2023 CHARDONNAY

WINEMAKER'S COMMENTS

Chardonnay is generally recognised as the world's greatest white variety, a versatile grape that produces fine wines in many different wine regions. The Blue Pyrenees Chardonnay 2023 has been created from outstanding Chardonnay fruit parcels selected from mature vineyard blocks. Traditional and contemporary techniques were used to craft this wine, notably yeast lees stirring or battonage, which has added both complexity and richness to the vineyard derived fruit flavours. The result is a crisp dry white wine with the classic complex flavour profile sought in great Chardonnays.

Region

Pyrenees, Western
Victoria, Australia

Grape Varieties

Chardonnay

Colour

Yellow straw.

Cellaring

Made to enjoy now but can be cellared with confidence.

Aroma

Pear, peach, lemon zest & lychee with hints of orange blossom.

Technical Details

Alcohol: 13.5%
Total Acidity: 5.85 g/L
pH: 3.34

Flavour

Peach and pear on the front palate, followed by a textured mid palate with subtle French oak and white stone. Crisp and vibrant acidity with a long structural persistent finish.
