I remember wishing every day that I could just be where I am today, but looking back I wouldn't change all the moments of feeling in-between for the world. I've learned so much about who I am and who I've always been, and I am so grateful for everyone who has helped by loving and supporting me, regardless of what I looked like on the outside. To begin with, anabolic steroids in the United Kingdom are considered as Class C substances according to the Misuse of Drugs Act of 1971. Class C substances in the United Kingdom include substances such as anabolic steroids, ketamine, buprenorphine, benzodiazepines, and gamma-hydroxybutyrate.
