SECTION 1: Identification

1.1 Product identifier

Product name ORCA FOAM™

1.2 Other means of identification
Not applicable.

1.3 Recommended use of the chemical and restrictions on use
Topical hemostat for use as an adjunct to hemostasis by tamponade effect. For specific intended-use guidance, please refer to the information provided on the package or instruction sheet.

1.4 Supplier's details

Name Orca Products, LLC
Address 100 Metro Dr.
Dothan, AL. 36303
USA

Telephone 1-970-401-1138

1.5 Emergency phone number(s)
1-970-401-1138 (Mon-Fri 9am to 5pm CT)

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

2.2 GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

2.3 Other hazards which do not result in classification

No data available.

SECTION 3: Composition/information on ingredients

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

General advice
Consult a physician. Show this safety data sheet to the doctor in attendance.

If inhaled
If breathed in, move person into fresh air. If breathing is irregular or stopped, give artificial respiration. If symptoms persist, get medical attention.

In case of skin contact
Wash with plenty of water. Call a poison center or doctor if irritation or rash develops or persists.

In case of eye contact
Rinse cautiously with water. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention/advice.

If swallowed
Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

Personal protective equipment for first-aid responders
Refer to Section 8 for specific personal protective equipment recommendations.

4.2 Most important symptoms/effects, acute and delayed
The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled
No adverse effects are normally expected.

In case of skin contact
No adverse effects are normally expected.

In case of eye contact
No adverse effects are normally expected. May cause mild eye irritation.

If swallowed
May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

4.3 Indication of immediate medical attention and special treatment needed, if necessary
Treat symptomatically.

SECTION 5: Fire-fighting measures

5.1 Suitable extinguishing media
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

5.2 Specific hazards arising from the chemical
No data available.

5.3 Special protective actions for fire-fighters
Wear self-contained breathing apparatus for firefighting if necessary.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures
No special measures or requirements. Handle in accordance with good industrial hygiene and safety practices. Beware of slippery surfaces.

6.2 Environmental precautions
Product is biodegradable.

6.3 Methods and materials for containment and cleaning up
Pick up and dispose in accordance with applicable Federal, State and local laws and regulations.

Reference to other sections
For disposal see section 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling
Handle in accordance with good industrial hygiene and safety practices. For specific intended-use guidance, please refer to the information provided on the package or instruction sheet.

7.2 Conditions for safe storage, including any incompatibilities
Keep in a sealed protective outer packaging in a dry and well-ventilated place at room temperature. Keep away from sunlight.

Specific end use(s)
Apart from the uses mentioned in section 1 no other specific uses are stipulated.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters
No applicable occupational exposure limits.

8.2 Appropriate engineering controls
Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

8.3 Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection
Not normally required.

Skin protection
Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

Body protection
The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection
Respiratory protection is not normally required. Ensure adequate ventilation.

Thermal hazards
No data available.

Environmental exposure controls
Do not let product enter drains.
SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

</table>

Other safety information

No data available.

SECTION 10: Stability and reactivity

10.1 Reactivity
Not classified as a reactivity hazard.

10.2 Chemical stability
Stable under normal storage conditions.

10.3 Possibility of hazardous reactions
No data available.

10.4 Conditions to avoid
No data available.

10.5 Incompatible materials
No data available.

10.6 Hazardous decomposition products
Carbon oxides and other hazardous fumes and gases.

SECTION 11: Toxicological information
Information on toxicological effects

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Symptoms and effects from inhalation, skin and eye contact and ingestion are listed in Section 4.

**Acute toxicity**
Based on available data, classification data are not met.

**Skin corrosion/irritation**
Based on available data, classification data are not met.

**Serious eye damage/irritation**
Based on available data, classification data are not met.

**Respiratory or skin sensitization**
Based on available data, classification data are not met.

**Germ cell mutagenicity**
No data available.

**Carcinogenicity**
IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.
NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**
No data available.

**STOT-single exposure**
No data available.

**STOT-repeated exposure**
No data available.

**Aspiration hazard**
Based on available data, classification data are not met.

**Additional information**
No data available.

SECTION 12: Ecological information

**Toxicity**
No data available on product

**Persistence and degradability**
Product is biodegradable.

**Bioaccumulative potential**
No data available on product

**Mobility in soil**
No data available.
Results of PBT and vPvB assessment
PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

Other adverse effects
No data available.

SECTION 13: Disposal considerations

Disposal of the product
Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

Disposal of contaminated packaging
Dispose of as unused product.

SECTION 14: Transport information

DOT (US)
Not dangerous goods.

IMDG
Not dangerous goods.

IATA
Not dangerous goods.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations specific for the product in question

SARA 302 Components
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 311/312 Hazards
No SARA hazards.

SARA 313 Components
This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
