## **NECKLACE SIZE GUIDE**

## The Perfect Fit

The majority of our necklaces are made with our standard size of 16" (15"+ 1") or the length is specified on each product page. To measure your necklace length at home, wrap a soft tape measure around to determine your preferred length. Please note that this is a guide only and length may vary depending on individual.

## **Bespoke**

All of our signature fine chain necklaces can be made into the bespoke lengths, 14", 16", 18" or 20". A bespoke fee is applicable depending on the request. If you require any assistance, please contact info@sarahandsebastian.com
