CARTER COFFEE TABLE

FC-1004-24-0

With its thick, rounded edge and sleek column legs, The Carter Coffee Table adds a touch of warmth, comfort and sustainable design. Featuring a light oak finish, this table brings a sense of visual lightness and effortlessly complements various wood tones. Crafted from FSC-certified oak wood and veneer, the Carter showcases exquisite craftsmanship and ensures responsible sourcing from environmentally managed forests.

A portion of this product features FSC®-certified solid oak and oak veneer from forests that are responsibly managed to be environmentally sound & socially beneficial.

Softened edge tabletop sits atop cylindrical legs featuring tongue & groove wood joinery.

Made from kiln-dried wood. Solid woods react dynamically to their environment & may swell & crack with changes in humidity & temperature, the kiln-drying process prevents the wood from warping or developing small cracks over time, resulting in highly durable furniture. Kiln-dried wood doesn't require harsh chemical treatments as the heat effectively sanitizes it

Assembly required.
