BUTTER COFFEE TABLE

BZ-1153-34

The Butter Coffee Table encapsulates design and proportion, crafted with a generous 30mm-thick Turkish travertine tabletop and a mango wood base stained in a rich, dark hue. The rounded tabletop edge gives the travertine a soft feeling, while the darkly stained mango wood base adds warmth to the hardened material. Note that no two tables are alike, showcasing their own color and veining variation.

Honed & filled Turkish travertine with mango wood legs & MDF for travertine pasting

Constructed from mango wood sustainably sourced from trees that no longer produce fruit

Product is made with kiln dried wood. Solid woods react dynamically to their environment & may swell & crack with changes in humidity & temperature, the kiln-drying process prevents the wood from warping or developing small cracks over time, resulting in highly durable furniture. Kiln-dried wood doesn't require harsh chemical treatments as the heat effectively sanitizes it

Basic butt wood joinery

Some assembly required.
