## additional information:

Recommended substrate:  
 opaque film

adhesive top rail

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

## Set-up

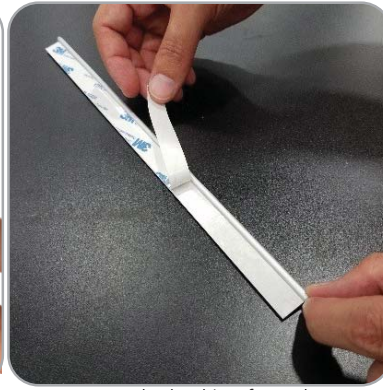

Assemble pole.

1

Secure pole to base of stand.

2

Remove the backing from the adhesive on the rail.

3

Line up graphic with rail.

4

Apply graphic so that its even on both sides.

5

Take the re-enforcing tape and apply to the back of the banner and rail making sure there is even coverage between the two.

6

Have banner stand upside down. This keeps leader strip from curling up.

7

Line up graphic with leader strip.

8

Mount graphic to leader strip evenly making sure there is one 1/2" of overlap.

9

Apply tape to the bottom front of the graphic for extra re-enforcement.

10

Pull up graphic and secure to poles.
