

EZ TUBE 20FT STRAIGHT TOOL FREE

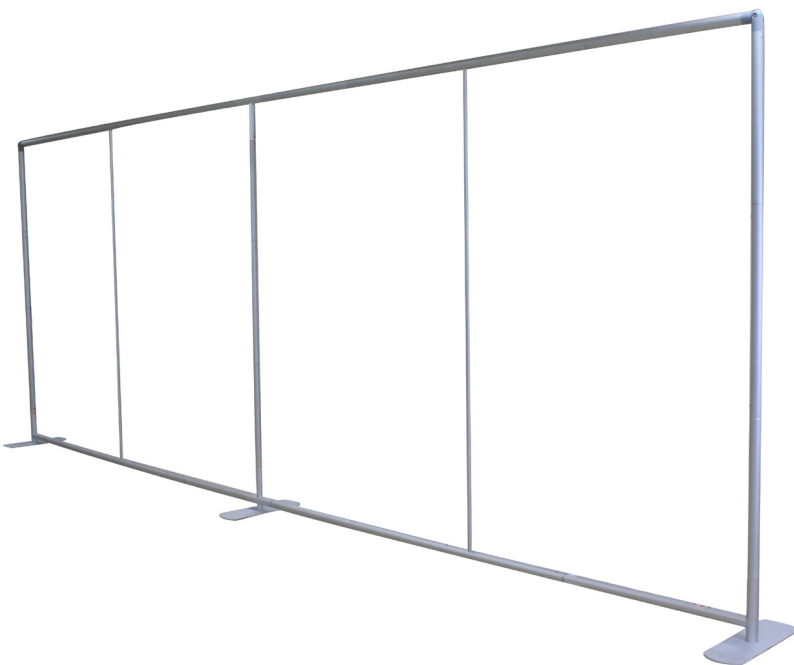

EZ TUBE DISPLAYS

On frame

On graphic

Tool free corner connection
(push button instead of rivets)

Tool free foot connection
(push button instead of screws)

Includes Medium Hardcase
22"W x 39"H x 17"D

PRODUCT DESCRIPTION

Sleek and "EZ", our tension fabric systems are a great alternative to standard backwall displays. Quickly assembled in just 5 minutes with no tools required, slide the tubes together to make the frame and lock in place with a push button snap. Then, simply pull the pillowcase-like graphic over the frame and zip it shut. The zipper, hidden from view, tightens the stretch fabric beautifully displaying your images. Disassembled, the lightweight frame and graphic fits inside a compact silver bag.

DISPLAY DIMENSIONS	240"W x 91.5"H x 19.75"D
GRAPHIC SIZE	114"W x 91"H

SET UP INSTRUCTIONS

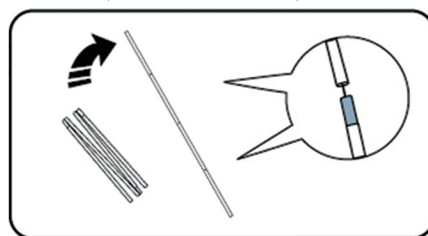

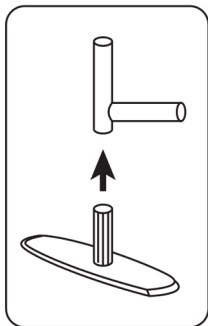

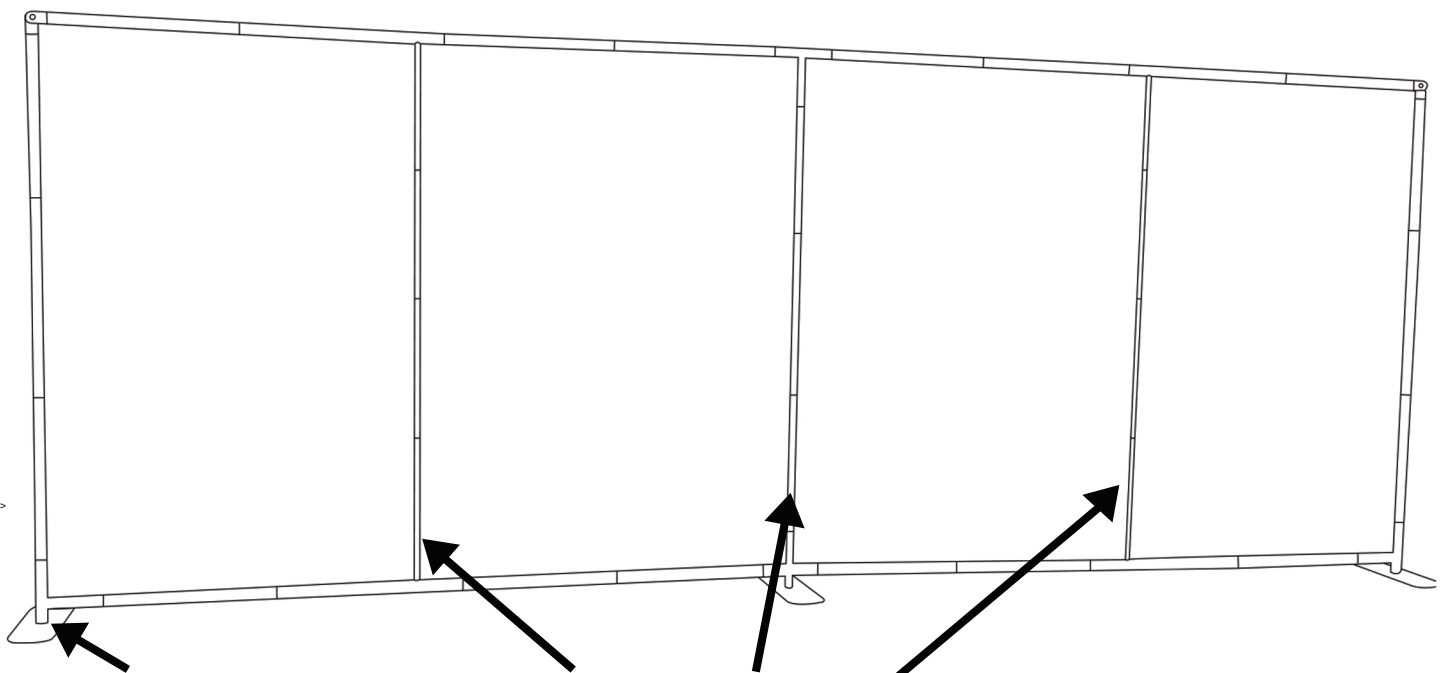

Insert (male to female) tubes.

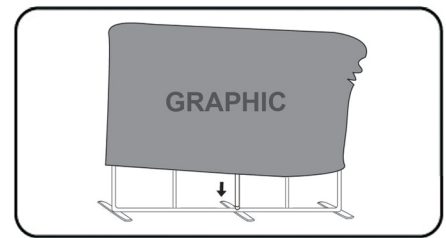

Press button in and slide poles together to connect

Be sure labels match (Ex:1:1)

Assemble center support poles

Slide graphic over the frame and secure with zipper at bottom

To assemble, connect the bottom corner connectors and feet together. Assemble the bungee-linked top and bottom horizontal tubes. Snap and connect the bottom horizontal tubes with the bottom corner connectors with matching labels. Then assemble the bungee-linked vertical tubes. Snap on the remaining vertical tubes with the bottom corner connectors. Using the top corner connectors, connect the top horizontal tube to both vertical tubes to complete frame. Tilt or lay down frame to swiftly drape with the pillowcase graphic. Using the industrial-size-zipper, zip underneath the bottom tube, maximizing fabric tension and zip closed.
