CORVUS 20x20 ORBITAL TRUSS KIT

Have a Question?
Please contact support@tradeshowplus.com

The Corvus 20ft x 20ft island Orbital Express Truss exhibit provides exhibitors with the impact of a fully custom exhibit in an "off-the-shelf" modular display kit. The striking Corvus kit features a dominating tower that rises over 15ft to clearly project brand messaging above the show floor! Graphic panels accent the tower, and connect to an open, circular structure ideal for meeting with visitors. With six tabletops throughout the exhibit, there is plenty of room for displaying product or printed materials. Corvus is illuminated by 20 low voltage spotlights that make messaging stand out. The Corvus reconfigures into multiple sizes and combinations using parts contained in the kit. Optional dye-sublimated fabric or UV printed rollable PVC graphics.

FEATURES & BENEFITS

Kit Includes
36 x 6-way junction boxes
8 x 24" straight truss lengths
20 x 36" straight truss lengths
16 x 46" straight truss lengths
22 x 45° curved truss lengths
12 x 90° curved truss lengths
1 x full set of quicklock connectors
6 x adjustable tabletops*
20 x 12 watt LED spotlights
4 x OCF molded cases
1 x OCT molded case

- 20′ x 20′ kit size
- Custom appearance
- Toolless assembly
- Simple twist and lock design
- 5 year warranty against manufacturer defects

SHIPPING

Cases:
4 x OCF (51"L x 39"H x 24"D) each
1 x OCT (51"L x 48"H x 42"D)

Shipping Weight:
1,355 lbs

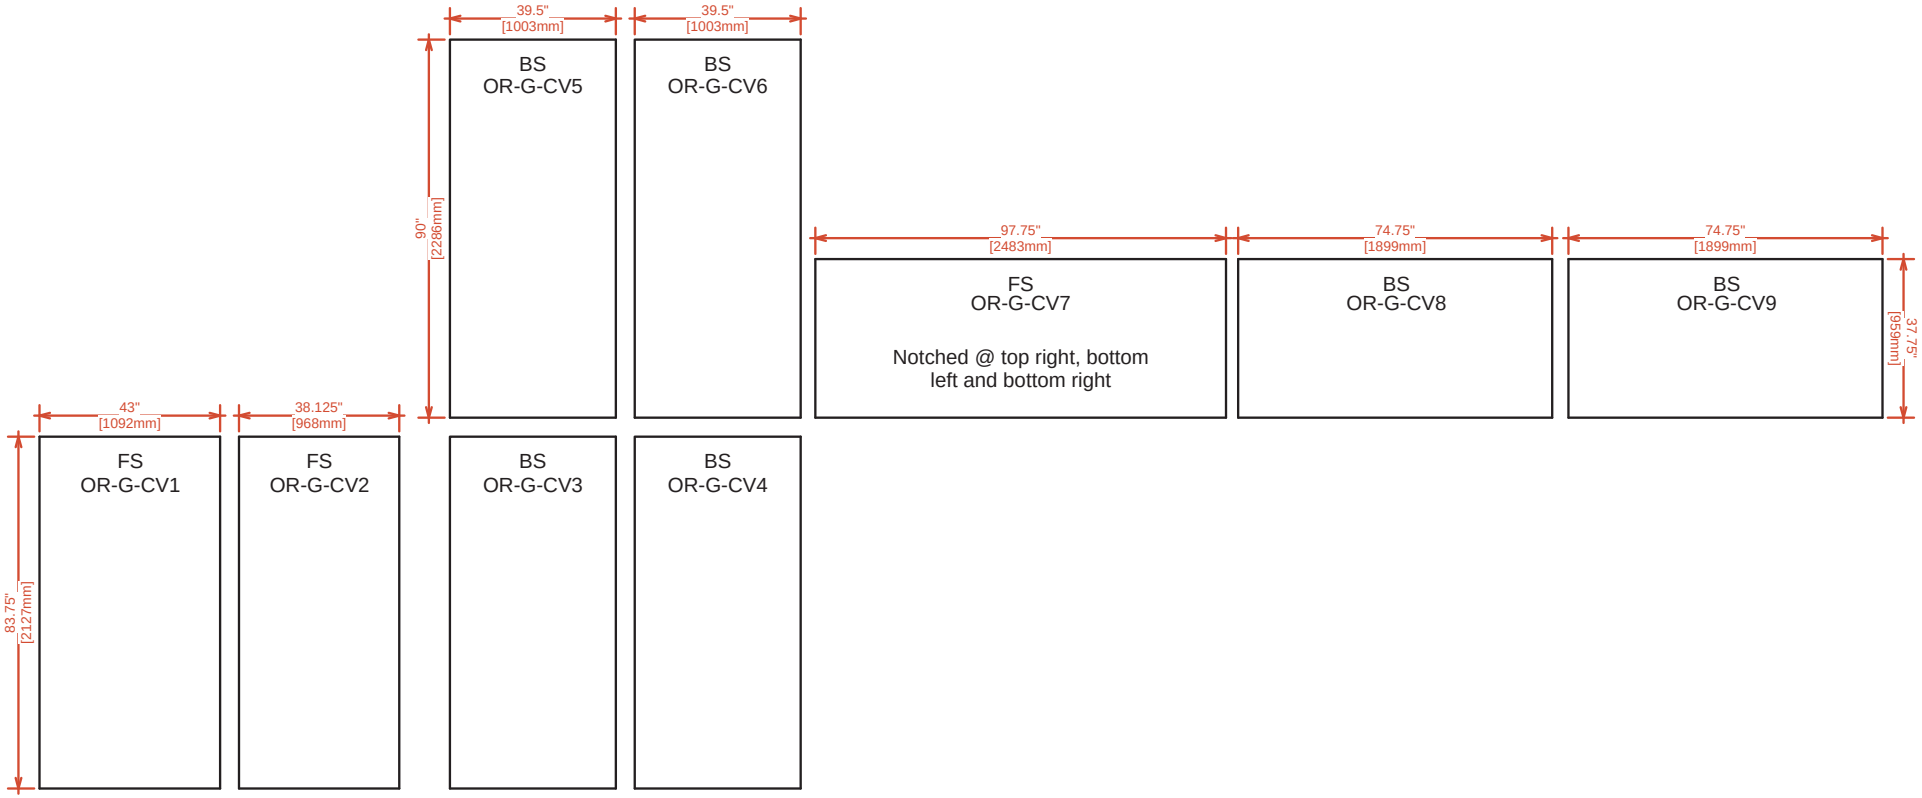
CORVUS GRAPHIC SPECS:
AVAILABLE GRAPHICS – UV & DYE SUBLIMATION



Acceptable File formats:
Illustrator CS6 or below
Photoshop CS6 or below
Art time will be charged if files need to be fixed or altered to meet guildlines. When sending files please be sure to include all support art (fonts, linked images, etc.)

Font Specifications:
Fonts must be converted to outlines.

Bleeds:
All orbital truss graphics require specifics bleeds. The sizes listed above represent the finished graphic size. Please keep all logos, type and critical information at least 1" in from each edge of the finished graphic.

Dye Sublimation: 2" bleed around the perimeter.
UV: 1/2" bleed around the perimeter.

Color:
All files are printed as CMYK format. All critical Pantone colors need to be called out in the file or specified on the order as Coated or Uncoated swatches.

Resolution:
All raster files (either print files or linked files) must be at 100-120 pixels per inch at 100%

Finishing Details:
When graphics are notched, a 7/8" square is cut in the appropriate location.

FS: Graphics mounted to front of truss system
BS: Graphics mounted to back of truss system

Dye Sublimation graphics are attached to truss with velcro. UV panels are attached to truss with magnet.

To ensure quality, please note:

Each graphic has a specific code or number located on the graphic. The electronic print files provided must be named accordingly. Using this coding system will allow us to preflight and prepare your files for print more efficiently. **If you fail to provide your graphic files in this format, additional charges may be necessary to complete your printed materials.**
