12 Watt
1200 Lumens
5500 Kelvins

CAUTION!
To reduce the risk of fire, electric shock or injury to persons:
- Protect the fixture from impact, scratching or abrasions.
- If the cord-set becomes damaged, replace the cord-set before using fixture.
- Turn off, unplug fixture and allow to cool before storing.

Connect the Power Supply

Plug the power supply into the back of the light (either socket can be used).

1

Link Lights

Power supply

Plug the link cable into the back of the light to link lights.

A maximum of five lights can be linked from one power supply.

1

Attach Light to Dovetail

Slide light onto dovetail.

1

Use the height extension for extra clearance over graphics.

1

Attach Light to Extrusion

Hook into channel profile.

1

Position Light

Fine adjustments can be made on the head of the light.

1

Connect Power

Plug into the power supply, there is no switch so the light will come on once plugged in.
