WAVELINE® BLIMP TOWERS

WITH 360° ROTATING HEADER

Get your brand seen with the WaveLine® Blimp™ Squared or Triangular Tower. Built on a banner frame system made from a lightweight extruded aluminum frames wrapped in a vibrant dye-sublimation graphic print, this display is designed to attract attention from across the exhibition hall. The header rotates 360° and with an add-on monitor mount you can display video, websites or software applications. When paired with our other tension fabric displays and digital kiosks, this unique system creates a dynamic centerpiece for a 20x20 exhibit that can be customized to your event and brand.
