

## ZOOM TENT LED LIGHT KIT

The Zoom Tent Light Kit creates attention-grabbing illumination at outdoor events and features built-in magnets for quick connection to steel frames. Compatible with most 5ft, 10ft, and 20ft tents, the LED lights offer USB connection and include hook & loop straps for non-magnetic applications. Two Zoom Tent Light Kits required for 20ft tents. Battery not included.

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

Visit: [www.tradeshowplus.com](http://www.tradeshowplus.com)

### Attach Light Strips

Steel tent frames:  
Light strips will magnetize directly to the frame.

Aluminum & non-magnetic tent frames:  
Wrap the included hook & loop straps around each light strip to affix to the frame.

### Power Supply

Connect 4-way USB splitter to the light strips.

Optional: 4-way splitter can be wrapped around the frame for improved wire management.

Connect the 4-way USB splitter into the USB extension cable. Connect the USB cable into your USB compatible power source. The USB cable can be wrapped through the tent frame for improved wire management.
