

**REBELLO**  
DECOR

Rebello Decor is founded by the Danish designer Maria Thygesen. Her vision is to design aesthetic and classic lighting, which can last for generations.

All designs in the first collection are hand-made in genuine brass, so they age with beauty and grace.

The chandelier Circle of Life is her signature design, and is inspired by the ups and downs we all meet in life - but somehow the ends always meet.

The design won the prestigious Danish design award called Design Favourite 2023 by the magazine Bo Bedre in the category chandeliers.
