These Are the Must-Have Sneakers to Your Cold-Weather Closet

Every season is sneaker season.

BY [EMILY GOLDBERG](#) PUBLISHED: NOV 14, 2023

And just like that, it's the most wonderful time of year (again). 'Tis the season to take out your chunky scarves and winter coats, and *also* give your feet the TLC they deserve to get through the chilly season! From dry and frigid days to snowy and wet, you'll want to stock your closet with the most comfortable shoes that will outlast all the elements, without sacrificing your style. And yes, the best winter sneakers. It's the perfect opportunity to embrace cold weather features like a shearling lining, waterproof textile, or a sole with extra traction—not to mention, all of the coolest winter shoe trends.

PUFFER SEASON
