

The 14 Best Waterproof Shoes For Women, According To A Stylist

No matter where you live, rainy days are inevitable. Whether you're used to it on the east coast, or experiencing high precipitation in southern California (for the first time), one thing's for certain: it's important to be prepared. Just like prepping your home for a storm, your closet should be well-equipped with waterproof items to keep you dry and safe when rain shows up on the forecast. And the most important item to keep you on your feet? Easy. Enter: footwear. Whether you need a pair of waterproof shoes for rainy day outings, sanitary gym showers, or you're planning a slippery adventure, the best waterproof shoes will keep your feet on the ground while looking stylish.

BEST LIFESTYLE SNEAKERS

Cougar Sayah Waterproof Sneakers

\$150 AT NORDSTROM

CREDIT: RETAILER

Pros

- + Looks great with most business casual looks
- + No break-in period

Cons

- Slightly bulky

Editors rave about how incredibly comfortable Cougar's Sayah Waterproof sneaker is that its waterproof technology becomes an afterthought. The cloud-like cushioning and chunky stylish design might steal the show, but this sneaker was made to be worn through rainy days, slush, and puddles. The waterproof membrane keeps your feet dry while the Luxmotion technology keeps your feet happy and moving. After one spin, you too will make these your everyday shoes, *not just* your rainy day shoes.
