

WORKS FOR ME

ESSENTIAL G4 and G5

ESSENTIAL G4 and G5

The sturdy ESSENTIAL G is a powerful, technically advanced, upright vacuum cleaner that will provide years of reliable use! It has four-level, manual brush height adjustment and comes in two power-head widths: the 12-inch G4 and the 15-inch G5. They clean carpets and hard floors and have excellent pet-hair removal. The G series also features an electronic controller that acts as a brain, alerting the user to a worn brush, or when brush height is set too high for optimal cleaning. It even shuts off automatically when a full bag, a clog, or a brush-roller obstruction occurs, which protects the motor, belts, and carpet from damage. They also have an instant-use cleaning wand and suction hose, an exterior housing with a scratch and scuff-resistant matte finish, tool-free brush roller removal, a 40-foot power cord, three on-board attachments, and protective rubber-coated wheels.

Instant-use Wand and Suction Hose – The integrated, instant-use wand and suction hose are always ready. Just pull out either tool to clean hard-to-reach corners, edges, and crevices. The wand and hose together have an eight-foot reach. The suction hose is ideal for cleaning furniture. And an optional nine-foot extension hose is available, which creates a total hose length of 15 feet . . . perfect for cleaning stairs. Choose from a range of optional attachments that can be fitted to the wand or hose!

Low, 5.5-inch Profile – Lower the handle flat to the floor to clean under beds or lower it to the intermediate stop position to maneuver over rugs. Depress the foot pedal again to bypass the intermediate stop position, or close this position by moving the orange, handle-position slider to the right.

Three-step Filtration – It features an S-class pre-motor microfilter, a three-layer AeraPure™ bag, an exhaust filter, and a tightly sealed casing, which prevents dirty air from escaping through its seams.

Four-level, Manual Brush Height Adjustment – The brush height can be manually adjusted up or down for optimal cleaning effectiveness.

Brush Obstruction Light with Automatic Shut Off – If an obstruction jams the brush roller, the red “check brush” warning light flashes quickly, the brush roller immediately stops spinning, and the vacuum shuts off. This feature prevents the belts from breaking and protects the motor and carpet from damage.

Incorrect Height Setting or Worn Brush Light – When brush height is set too high for optimal cleaning, or when the brush roller should be replaced due to reaching maximum bristle wear, the red “check brush” warning light remains illuminated during use. (The vacuum will not automatically shut off.) The light shuts off when the condition is corrected, ensuring consistently effective brush agitation of the carpet pile.

Easy Brush Removal and Cleaning – Cleaning hair or other debris from the brush roller, or replacing it when its bristles are worn, is quick and easy, and no tools are required! This feature ensures consistently effective brush agitation of the carpet pile.

Full Bag or Clog Light with Automatic Shut Off – When a full bag, a clog in the airflow pathway, or an excessively dirty microfilter is detected, the red “bag full or clog” warning light illuminates, the machine automatically shuts off after 60 seconds, and then the warning light starts continuously flashing. This feature prevents overheating and motor damage from a lack of adequate airflow.

Soft-start Feature – The vacuum’s gradual power-up capability extends motor life.

Durable Matte Finish – The ESSENTIAL G has an exterior housing with a special matte finish that is extra scratch and scuff-resistant, so it looks great even after years of use.

Combination Carrying Handle with Rotating Cord Hook – The vacuum is easy to carry or quickly unwind the cord, using its unique handle with integrated, rotating cord hook.

Three On-board, Full-size Tools. Large Filter Bag – The G machine includes a crevice tool, dusting brush, upholstery nozzle, and a large 1.4-gallon filter bag. Also, many optional accessories are available.

Two Power Head Widths with One-sided Edge Cleaning – The ESSENTIAL G4 is 12 inches wide with a 10.5-inch cleaning path. The ESSENTIAL G5 is 15 inches wide with a 13.25-inch cleaning path. Both heads have one-sided edge cleaning.

Durable, Heavy-duty Belts – The reinforced, geared belts do not slip or stretch, resulting in a more efficient use of power, and they should last the life of the machine.

Forty-foot Cord – A 40-foot power cord saves time, by reducing the number of electrical outlet changes needed during use.

Protective, Rubber-coated Wheels – Its wheels protect all floor surfaces and provide smooth maneuverability.

Easy Maintenance – The ESSENTIAL G’s clog removal door and replaceable brush roller are easy to access.

STANDARD FEATURES OF SEBO VACUUM CLEANERS

Designed and Manufactured in Germany – Legendary quality, reliability and performance make SEBO vacuums the first choice of cleaning professionals throughout the world.

World's Best Pet Vacuums – Because of superior power head and brush-roller technology, SEBO vacuums are the world's best for pet hair removal!

Reliable, Commercial-grade Components – All SEBO vacuums are constructed with thick, reinforced, ABS plastic, aluminum and metal parts, steel axles and bearings, and high-end, quality motors. Therefore, SEBO users own reliable, long-lasting vacuum cleaners. Competing vacuums are made with thin, flimsy, inexpensive, plastic materials, none of which are reinforced, and typically have useful lifespans of one or two years.

Rubber Wheels and Soft Bumpers

Protect Homes – Smooth-gliding, rubber wheels protect hard floors and provide exceptional maneuverability. In addition, the bumpers that surround the

power heads and the soft AIRBELT bumpers that surround SEBO's canisters protect furniture, walls, and vacuum housings from incurring scuffs and scratches during use.

Advanced, Brush-roller Technology – SEBO's brush rollers are uniquely designed to funnel hair and debris into the power head's airflow channel, which improves vacuum cleaning performance on all flooring surfaces.

Save Money! SEBO Vacuums Last for Years and Extend

Carpet Life! – If properly maintained, SEBO vacuums save ordinary, residential users hundreds of dollars, by providing excellent performance for ten to fifteen years or more, and their deep-cleaning, power-brush technology extends the life of carpets. Typical vacuums perform poorly, even when new, and usually do not last beyond two years. So six or seven "disposable vacuums" must be purchased during the average life expectancy of just one SEBO machine.

Changing Bags is Easy and Clean – SEBO filter bags can be changed in just a few seconds, and a hygiene cap keeps dust sealed inside during removal and disposal.

Bagged vs. Bagless . . . Bags are Better! – Top-fill, three-layer AeraPure™ Bags are an integral part of SEBO's filtration system because they hold virtually all the dirt captured by the vacuum, which improves the effectiveness and useful life of the microfilters.

THE ONYX COLLECTION PROMOTES SEBO'S FREE WARRANTY BONUS!

All SEBO vacuum-cleaner models offer standard warranty coverage of seven years on motors and five years on non-wear parts and labor charges. However, the purpose of the Onyx Collection is to promote SEBO's FREE WARRANTY BONUS that extends factory warranty coverage to a total of ten-years motor, ten-years non-wear parts, and seven-years labor!

Onyx Collection vacuum cleaners are sold exclusively in-store by SEBO's "Authorized Dealers," but never online. The reason for the Collection's in-store exclusivity is to ensure that buyers have on-site dealer assistance with their Bonus Registrations. Using a dealer-supplied code and the store's name and address, buyers obtain their extended warranty coverage by completing a simple online registration, located at www.sebo.us. Immediately thereafter, new 10/10/7 Warranty Certificates are sent to buyers via e-mail.

The WARRANTY BONUS can be applied to all SEBO vacuum cleaner models of any color, not just the Onyx Collection units (power heads sold separately are excluded).

PLEASE NOTE: The FREE WARRANTY BONUS does NOT apply to SEBO vacuum cleaners purchased from "Third-party Websites," such as Amazon and Walmart.com, because they have many UNAUTHORIZED SELLERS with false, hidden, or disguised identities, which means they have no access to genuine replacement parts, factory-trained technicians, and labor-cost reimbursements!
