EMERGENCY PHONE: 1-801-437-4302 (8 AM to 4 PM Mountain Time)

SAFETY INFORMATION AND FIRST AID

CONTACT WITH EYES: May cause mild to moderate eye irritation if sprayed into eyes.

IF IN EYES: Hold eyes open and flush with copious amounts of water for several minutes. Irritation usually resolves quickly. Seek medical attention if irritation persists.

CONTACT WITH SKIN: Not irritating to skin unless left in contact with skin for prolonged periods of time.

IF ON SKIN: Wash skin with soap and water.

SAFETY INFORMATION AND FIRST AID (continued)

INGESTION: This products is essentially non-toxic. Ingestion of a small amount (up to a mouthful) will not cause toxic effects, but may result in gastrointestinal effects such as nausea and vomiting. Ingestion of larger amounts may result in more serious gastrointestinal symptoms.

IF SWALLOWED: If a small amount is ingested (a taste, lick or sip), rinse mouth out with water. No treatment is typically required. If more than a mouthful is swallowed, DO NOT induce vomiting. CALL PHYSICIAN OR POISON CONTROL CENTER at 1-800-222-1222 for treatment information and advice.

INHALATION: This product is not hazardous by inhalation under typical conditions of use in the home. If any symptoms of respiratory discomfort or distress occur, discontinue use and move to fresh air.
