

The Bass Stand/Stool

Protect your bass from damage on a dark stage or pit orchestra and provide yourself a comfortable seat!

1" thick foam seat

Exterior-grade, formaldehyde-free, medium density fiberboard

Interlocking design for maximum rigidity and strength

Enables even young children to comfortably play the bass

• Playing while seated on the stool helps prevent playerfatigue and minimize injuries from improper technique.

 Music Schools: these stands are less expensive than a standard four-up Bass rack and can be purchased through the general school furniture budget.

Made in the U.S.A.

Price: \$150
(please contact us for quantity quotes)

Rubber-coated edges protect your bass
