# FEATURES

## AVAILABLE ON HRM 40 / 40 LIVE / 70 LIVE

There is no easier way to keep your lawn in perfect condition than with the intuitive features from our Small Miimo range.

### MII-MONITOR APP\*

Access the Mii-monitor app to see when, and how often, your Small Miimo is planning to mow – and easily make any adjustments you need.

### AMAZON ALEXA\*

Clever connectivity with Amazon Alexa, means you can start, stop, and review Small Miimo's mowing schedule, simply by asking Alexa.

### SMART TIMER\*

Small Miimo accesses real-time weather data to select the best time to mow, avoiding times of heavy rain and cutting less often during dry seasons.

### PLACE & MOW

Manually input a precise cutting area and watch your Small Miimo effortlessly cut those hard-to-reach spaces.

### MAP & MOW

Small Miimo will map your garden's layout, calculate its size, create a mowing calendar and logically cut your lawn in the most intelligent way.

### SELECTABLE BORDER CUT\*\*

Enjoy a pristine finish all year long with complete control of how often Miimo trims the border edges of your lawn.

### AUTOMATIC CHARGING SYSTEM

When Small Miimo's low on battery, it heads directly to the docking station to recharge, before getting straight back to work.

### INTENSIVE CUTTING\*

When needed, you can activate Intensive Cutting and give your whole lawn a deep, thorough cut even in tough conditions.

### DOUBLE CUTTING\*

Extra care when your space needs it most. Miimo automatically mows your lawn twice at the start of the season or after a two-week break (in manual mode only).

### WEATHERPROOF

Rain or shine, Small Miimo's IPX4 weatherproof design means it can take on most poor weather conditions.

### LOGICAL CUTTING PATTERN

Small Miimo mows efficiently and logically, in a systematic pattern that creates pristine 5m stripes across your lawn.

### MICRO MULCHING

Fertilise as you mow - Small Miimo's micro mulching technology finely slices your grass clippings and disperses the particles evenly over your lawn.

## SMALL MIIMO RANGE

## SMALL MIIMO

40 / 40 LIVE / 70 LIVE

The smart solution for the perfect lawn. This innovative robotic mower takes the hard work out of your hands. Miimo is the smartest way to achieve the perfect lawn and keep it that way all year round. It calculates the size of your space and uses Map & Mow technology to cleverly cut around garden ornaments and furniture. It also creates a bespoke mowing calendar by using Smart Timer\* to monitor the weather and the speed your grass grows. With the Mii-Monitor app\* and Amazon Alexa\* connectivity, you can make adjustments remotely and even activate your mower using voice commands. And the safety of your Miimo is guaranteed, with a unique security code - this sets a protective alarm that will sound if anyone picks up your Miimo, ensuring no one can use it but you.

# INDUSTRY LEADING TECHNOLOGY

# FEATURES

## AVAILABLE ON HRM 310 / 520 / 3000 / 3000 LIVE

Our Miimo robotic lawnmowers are completely autonomous, if you would like a little extra control, the technologies below give you exactly that.

### MII-MONITOR APP\*

Access the Mii-monitor app to see when, and how often, your Miimo is planning to mow – and easily make any adjustments you need. Connects via 3G/4G\*\* or Bluetooth\*.

### ADVANCED WATERPROOFING\*

All Miimo models are safe to use in the rain, but with Advanced Waterproofing, the HRM 3000 can even be washed with a hose pipe.

### FLEXIBLE DOCKING\*

The docking station can be installed discreetly - on a patio, in a corner or even under a bush, Miimo will find it's way home.

### AMAZON ALEXA\*\*

Clever connectivity with Amazon Alexa, means you can start, stop, and review Miimo's mowing schedule, simply by asking Alexa.

### AUTOMATIC CUTTING HEIGHT ADJUSTMENT\*

Your lawn, as you want it. Your Miimo will cut to a specific height from 20-60 mm. Adjust electronically depending on the speed of your grass growth.

### FLEET MANAGEMENT\*

Check the status of your fleet of Miimo's, using the Mii-monitor app, and send individual commands, adjust settings and name each one for easy tracking on the map screen.

### AUTOMATIC CHARGING SYSTEM

When Miimo's low on battery, it heads directly to the docking station to recharge, before getting straight back to work.

### MICRO MULCHING

Fertilise as you mow - Miimo's micro mulching technology finely slices your grass clippings and disperses the particles evenly over your lawn.

### ZONE MANAGEMENT

Complete coverage and control. Decide when and where Miimo mows with Zone Management technology.

\*Available on HRM 3000 and HRM 3000 Live.

\*\*Available on HRM 3000 Live only.

\*Available on HRM 3000 only.

**CLEVER DESIGN - HRM 310 / 520 / 3000 / 3000 LIVE**

Our Miimo's are built for the real world, which means safety and security features come as standard.

**SAFETY, OUR PRIORITY**

Miimo is safe to use around children and pets. 360° bump sensors change direction when obstacles are detected and instantly stop the blades when lifted.

**ANTI THEFT**

A unique security code sets a protective alarm that will sound if anyone picks up your Miimo, ensuring no one can use it but you.

**SLOPE CAPACITY**

Rapid reaction lift sensors and a high level of grip means Miimo can cut slopes up to 25° and won't get stuck in uneven ground.

**GPS TRACKING\*\***

Track your mower via the Mii-Monitor app and set a Geofence for security alert protection for reassurance that your Miimo is safe and performing well.

— TRUST MIIMO TO TAKE  
CARE OF EVERYTHING

# 310 / 520

The Miimo HRM 310 and 520 robotic lawnmower range will keep your lawn in perfect condition. With minimal effort, Miimo follows the layout of your garden, navigating obstacles and mulching clippings to create a healthy, manicured lawn. Miimo is robust enough to work in any weather and, with a quiet, reliable electric motor, it can even cut at night without disturbing you or your neighbours. It is also safe to use around pets; sensors detect any lifting motion and stop the blades instantly. In fact, Miimo is so clever it can recharge itself, when needed, via its own docking station.

A POWERFUL SOLUTION FOR A BEAUTIFUL LAWN

# 3000

The Honda HRM 3000 brings a world of innovation and durability to your garden. Advanced IPX5 waterproofing allows Miimo to work in all weathers, whilst a flexible docking station can be installed in a discrete location for it to charge. The easy-to-use smartphone app lets you change cutting height and start, stop or drive Miimo remotely, as well as access a monthly timer, set cutting dates and send a trouble report to your dealer for remote assessment via Bluetooth™ connectivity.

# 3000 LIVE

The HRM 3000 LIVE\* comes equipped with a host of additional smart features for even greater connectivity and control – wherever you are in the world. Using a mobile network, the Mii-monitor app lets you easily manage mowing times and use GPS Tracking to remotely check your Miimo's position and geofence an area for security alerts. You can also ask Alexa to control Miimo's or use our Fleet Management System to track, adjust settings, and send individual commands.

# WHEN YOU NEED A LITTLE EXTRA PROFESSIONAL FEATURES

## multi Miimo

### FOR HRM 3000 AND 3000 LIVE

There are some outdoor spaces that are simply too large for most robotic mowers to take care of without leaving small sections of uncut grass. The Multi Miimo System solves this problem. Two or more Miimo's can be set to work in one continuous area with every single patch of lawn perfectly cut.

This feature works in perfect harmony with the Fleet Management System that lets you monitor, track and send individual commands to all your Miimo's. Opt for the HRM 3000 LIVE and you can also use the dedicated Mii-monitor app to control your fleet anywhere in the world.

There is no limit to the number of mowers that can work together in unison, and the system has been designed to be used in areas exceeding 4,000 m<sup>2</sup> with a maximum boundary wire length of 1,000 m. Ideal for large gardens, sports clubs, hotel grounds and public parks.

#### STATION 1

When Miimo is docked, station is isolated from the mowing area

#### STATION 2

When station is empty, it is no longer isolated from the mowing area

Diagram is for illustration purposes only, please consult your Honda dealer for installation.

## INTRODUCE MIIMO TO YOUR GARDEN ONLINE

### SIMULATE MIIMO CUTTING YOUR LAWN

Set Miimo to work in your garden with our clever Miimo lawn planner, which simulates Miimo navigating your own unique lawn.

It allows you to select the area you want Miimo to cut, customise its set-up and even suggest the model that is best suited to your garden.

Go to [www.honda.co.uk/miimo](http://www.honda.co.uk/miimo), click on Lawn Planner and follow the easy steps.

## IF YOU NEED A LITTLE BIT OF EXTRA ASSISTANCE

### YOUR HONDA DEALER CAN HELP

A Honda Authorised dealer can help you decide which Miimo suits your garden and upon purchase can install the docking station and boundary wire. Our dealers are highly skilled and have followed specific training to ensure trouble free operation and installation, whatever the profile of your garden.

# WORLD OF HONDA POWER PRODUCTS

Every innovative Honda product inspires the next, as we deliver on our commitment to making powerful equipment that is engineered for life. From the comfort and intuitive control of our lawn tractors to the complete autonomy of our Miimo robotic mowers... and beyond. We've used our experience to create technologically advanced Snowthrowers that make clearing snow as effortless, efficient and reliable as possible and dependable and dynamic marine engines that have been refined over 54 years to deliver outstanding efficiency and enjoyable performance.

Contact your dealer for details.

You deserve complete confidence that you've made the right choice, long after you've made the purchase. That's why we appoint our Honda Authorised Dealers with as much care as we build into our products.

Look for the seal of quality when you buy your Honda, or call **0345 200 8000\*\*** and we'll find the closest to you.

### Sales

Our Authorised Dealers not only feature a comprehensive display of Honda products to see and touch, but they know our product range inside-out. Every one follows an extensive Honda training programme with regular refresher courses – so you can trust in their valuable advice and experience to help you choose the product that's just right for you and your needs.

### Service

As well as offering the highest levels of after-sales service, our Authorised Dealers' factory-trained technicians perform a full Pre-Delivery Inspection (PDI) on every machine, and are fully equipped to keep your product in peak condition with cost-effective servicing. Of course, you can also be assured that only high quality, genuine Honda parts are used, with access to our 24hr parts delivery service for fast and efficient turnaround.

### Expertise

Our Authorised Dealers are true experts in their field, often with years of first-hand experience under their belt. In fact, their knowledge and experience plays an important role in making sure that our Research and Development team is given feedback from our customers, so we can ensure that new and improved models continue to meet your future needs too.

## Unrivalled quality, for peace of mind

There's a simple reason why you'll see so many old Honda products still in use. **Ours are built better, to last longer.**

That's not just an idle promise. It's fact. Our enviable reputation for durability and reliability is supported by our cast iron warranty, covering both parts and labour. Our warranty maintains the same value throughout its lifetime too – meaning the last day of cover is exactly the same as the first: solid and dependable.
