

USER MANUAL

Safety instructions

WARNING - IMPORTANT INSTRUCTIONS
You must read this manual carefully before using the device. It contains important information about the correct use of the device, safety instructions, and the correct way to clean and maintain it. Failure to follow these instructions may result in personal injury or damage to the device. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

READ MANUAL
This device is a personal care product. It is not intended for use by children or anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

USE ONLY AS INTENDED
This device is designed for use as a personal care product. It is not intended for use as a medical device or for any other purpose. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

KEEP OUT OF REACH OF CHILDREN
This device is not to be used by children. It is not intended for use by anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

1. INTRODUCTION

This device is designed for use as a personal care product. It is not intended for use as a medical device or for any other purpose. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

READ MANUAL
This device is a personal care product. It is not intended for use by children or anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

USE ONLY AS INTENDED
This device is designed for use as a personal care product. It is not intended for use as a medical device or for any other purpose. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

KEEP OUT OF REACH OF CHILDREN
This device is not to be used by children. It is not intended for use by anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

2. BEFORE USE

Before using the device, please read the instructions carefully. Make sure you understand all the safety instructions and the correct way to use the device. If you do not understand any part of the instructions, please contact your local retailer or the manufacturer.

READ MANUAL
This device is a personal care product. It is not intended for use by children or anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

USE ONLY AS INTENDED
This device is designed for use as a personal care product. It is not intended for use as a medical device or for any other purpose. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

KEEP OUT OF REACH OF CHILDREN
This device is not to be used by children. It is not intended for use by anyone who is unable to read and understand the instructions. The manufacturer is not responsible for any damage or injury caused by the incorrect use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

DO NOT USE
Do not use the device if you are pregnant or breastfeeding. Do not use the device if you have any open wounds, cuts, or abrasions on the skin. Do not use the device if you have any other medical conditions that may be affected by the use of the device.

3. PREPARATION

Before using the device, please read the instructions carefully. Make sure you understand all the safety instructions and the correct way to use the device. If you do not understand any part of the instructions, please contact your local retailer or the manufacturer.

READ MANUAL
