

Measurement Sheet for Model 411 and 412

Delivery of made-to-measure items is approximately 10-12 weeks.

Made-to-measure items will not be accepted for return, exchange or credit.

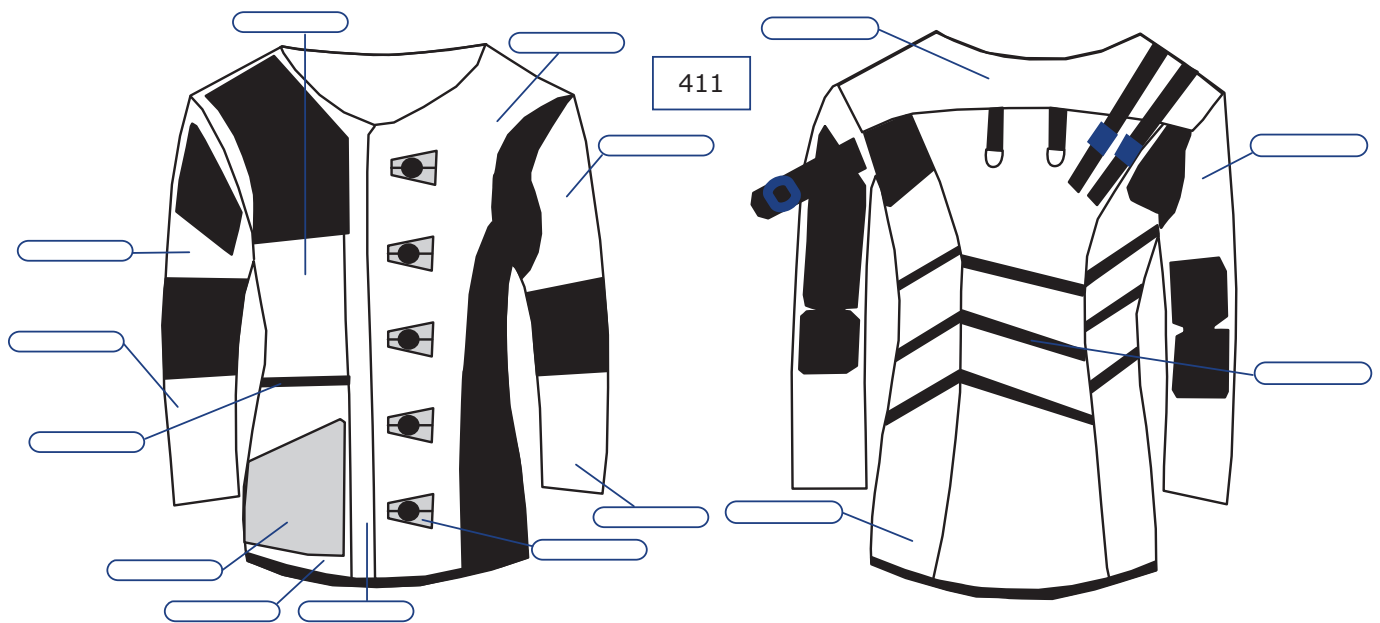

Please always add to your order if the jacket or trouser is for left-hand or right-hand shooters - no surcharge for left-hand shooters

Model 411 and 412 come in a standard colour combination of blue, anthracite & white

Model 411 is also available in any colour combination of your choice - firm order only - please see below

Please return the completed measurement sheet with your order

Colour combination to your choice:

For models 411 we will supply any colour combination of your choice - firm order only!

Options are:

brown, beige, green, yellow, red, navy, light blue, grey, black and white

Please insert the chosen colour into the boxes.

Please note: HIGHSCORE material for model 411 only in white or black available!

Measurement sheet

Please note:

- 1: the overall length of the coat (9) must not be greater than the measurement from your collar to your fist when your fist is rolled in a ball.
- 2: all your measurements should be made over your normal shooting undergarments.
- 3: measurements should be from the ground with shooting boots worn, if used.

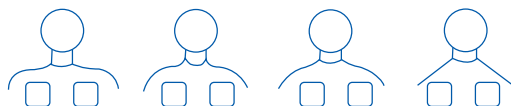

* please take measurement 19 from your navel to the centre of your back at waist level
