GOOD
BACTERIA

Fixine[®] is used to maintain body condition and improved immune status among other positive outcomes.

Fixine[®] produces the most benefit when the horse is under stress with gut or intestinal issues.

Fixine[®] helps with:

- Coat, skin and hoof conditioning
- Promoting a healthy gastric system
- Promoting beneficial bacterial flora in the gut
- Recovery from work, injury and stress
- Supports changes in diet or grazing conditions
- Supports stress from long distance travel

FEATURES:

- Suitable for horses and foals
- Blended ready to use
- Supports healthy populations of good bacteria
- Increases nutrient feed conversion
- Maintains coat, skin and hoof condition
- Provides support when the horse is under stress with gut or intestinal issues

Fixine® has the added benefit of Kemin® CLOSTAT® probiotics. Kemin has identified and selected Bacillus subtilis PB6 as an active substance that helps maintain the balance of microflora in the intestinal tract of an array of animals - including horses. This helps with the maintenance and productivity of healthy animals.

Fixine® includes Kemin® CLOSTAT® PB6, which is a unique, safe and naturally occurring probiotic that has been proven to kill a number of equine-specific pathogens - including a variety of Clostridium species. By inhibiting the growth of pathogenic bacteria, the PB6 in CLOSTAT® helps maintain a healthy microbial balance in the horse's digestive tract. These factors contribute to the overall wellbeing and performance of the horse. Kemin has more than 200 internal research and development (R&D) documents referencing PB6 trial work.

USAGE

- Simply blend into dry feed.
- Competing and Non Competing Horses: 15-20g per 100kg LWT per horse per day (approx. half a cup for a 500kg horse).
- Under signs of digestive stress feed at double rate.

INGREDIENTS:

NZ zeolite in the form of Optimate™ ACVM Registration Number A011800, CLOSTAT® Bacillus subtilis PB6.

PACK SIZE

5kg | 10kg | 20kg

STORAGE

Always reseal after use. Store in a cool place away from direct sunlight. Shelf life of 12 months.
