0. Overview/Pricing Guidelines

These light boxes have been created using the highest quality logo image artwork produced by our own graphic artists from original imagery. Our high-quality designs are then turned into 3D printed light boxes for the railroad enthusiasts.

All of our light boxes use high quality 110V LED light strips with an IR remote. The light box intensity can be set from 6 Preset Color Temperatures ranging from a warm 2700K to a bright 6500K.

Pricing is based on the number of colors in the logo (maximum of 8 colors). The pricing structure is as follows:

Number of Colors	Price
2	\$50.00
3	\$55.00
4	\$55.00
5	\$60.00
6	\$60.00
7	\$65.00
8	\$65.00

Copyright Notice: Some of the logos we have artwork for are restricted by copyrights and/or trademarks. Through a special agreement with Mike's Roundhouse and Daylight Sales we have permission to use these emblems.

All artwork used for the lightbox production is a production of Scale Railroad Models and is copyrighted for the use of lightbox production.
