

Fall Protection

Introducing
3M™ DBI-SALA®
Nano-Lok™
Extended Length
Self-Retracting
Lifelines - 20 ft.

Going to great lengths to help improve fall protection.

We're advancing the versatility of 3M™ DBI-SALA® Nano-Lok™ SRLs. Available in 9 ft., 11 ft., 15 ft. and now 20 ft. lengths, the family of Nano-Lok SRLs combines fall protection with ease-of-use and versatility for even more applications.

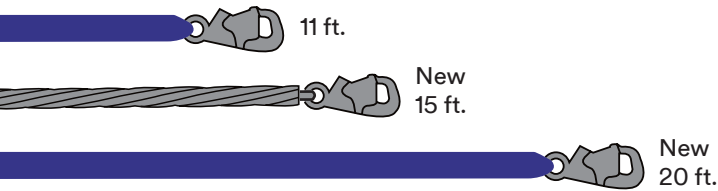

- Speed sensing brake activation system provides protection at low heights.
- Tension is always kept on the lifeline, which helps reduce dragging, snapping and trip falls.
- Durable nitrile energy absorber is a smaller design and last four times longer.

Swiveling Anchorage Loop
Limits lifeline twisting for smooth operation.

Impact-Resistant Housing
Tough thermoplastic housing designed to withstand demanding worksites.

Speed-Sensing Brake System
As low as 6 ft. of required fall clearance.

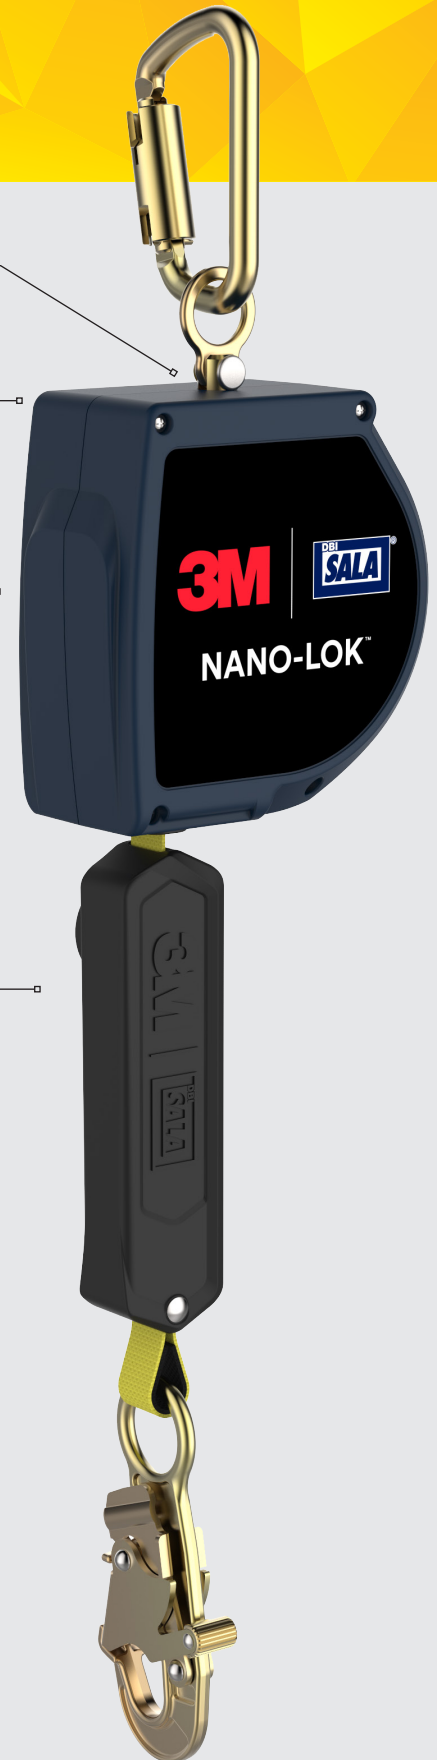

Dyneema® Fiber and Polyester Web Lifeline
Synthetic lifeline reduces overall weight and the retractable design provides freedom of movement.

High-Capacity External Energy Absorber
Durable nitrile energy absorber is a smaller design and last four times longer.

Maintains safe fall arrest forces for users (and tools) up to 420 lbs. (190 kg)

Impact Indicator
Provides a visual alert that the SRL has been involved in a fall.

20 ft Nano-Lok SRL
