

ROLLING A-FRAME

Fall Protection Anywhere

Rigid Lifelines® Rolling A-Frame Anchor Track System is the ultimate in mobility for fall protection systems. Simply roll the system into position and lock into place.

Our Rolling A-Frame system can eliminate the need for a permanently installed system, while providing coverage to virtually every location in your plant. This mobile system is also available as a custom engineered solution for your facility.

Coverage Area

Application Options

- Single, dual, or multiple tracks for one, two, or multiple workers
- Manual leveling jacks
- Foam-filled pneumatic casters (tires)
- Nylacron™ casters
- Power drives

Design

Track(s) attaches to a header supported by braces and legs equipped with casters

Support Structure

Caster-equipped legs and braces hold a header that the track attaches to

Advantages

Highly mobile fall protection coverage
