	1803 EARL GREY	100g / 3.5 oz	A secret blend of teas combined with Italian bergamot oil revives the Earl Grey first enjoyed by England's dukes and duchesses in 1803. Discover the deliciously crisp citrus and spice notes this royal-calibre tea has to offer.
	DARJEELING THURBO	100g / 3.5 oz	A high-grown black tea from North India with a clear, sparkling taste and a light aroma, this Darjeeling Thurbo is of one of the highest quality grades, FTGFOP (Finest Tippy Golden Flowery Orange Pekoe).
	ENGLISH BREAKFAST	125g / 4.4 oz	This classic English Breakfast is a blend of specially chosen teas from Ceylon (Sri Lanka), India and China, brought together to deliver a full-bodied and satisfying taste.
	KEEMUN SUPERIOR	100g / 3.5 oz	A high-altitude tea from the province of Anhui, Keemun has small, brow-shaped ebony leaves that produce a lustrous red liquor. Enjoy its subtle and slightly smoky aroma.
	MAPLE AND NUT	100g / 3.5 oz	Sweet maple and nut essences take shape against a background of black teas and dried licorice, adding intrigue to the mix.
	MASALA CHAI	100g / 3.5 oz	Carefully selected black teas provide the perfect backdrop for our spicy chai mix, creating a rich, fragrant drink designed to bring warmth and comfort to your day!
	ORANGE PEKOE DIMBULA	100g / 3.5 oz	The best high grown Dimbulas are picked during the dry season (January and February). Consisting of long twisted leaves, this tea provides a dark, aromatic and full-bodied infusion.

Green tea collection

Our **Green Tea Collection** uses the finest green teas available, in response to the **consumer's desire for enhanced well-being** through **natural products**.

	100% JAPANESE SENCHA	125g / 4.4 oz	This Sencha evokes the rows of cherry blossom trees that colour Japan's four seasons. Its young tea buds were carefully picked from June to July in the deep mountainous area of Shizuoka, creating a beautifully balanced, bittersweet tea.
	CHINESE SENCHA	90g / 3.2 oz	This Chinese green tea is cooked in a saucepan immediately after its harvest in order to stop the leaves from oxidizing, thus creating its classic taste.
	JASMINE FLOWER	100g / 3.5 oz	Green tea leaves are spread out with freshly picked jasmine flowers and left there for a few hours in order to create a delicate, well-balanced taste.
	JASMINE PEARLS	125g / 4.4 oz	These superior-quality Chinese green tea leaves rolled with fine jasmine buds provide an exquisite taste. Watch the pearls unfurl as you steep them - pleasing to the eyes, nose and palate!
	JAPANESE GENMAICHA	145g / 5.1 oz	Green Japanese Bancha leaves blended with Genmai hulled rice kernels and corn produce a slightly salty, light brown tea.
	JAPANESE KOKEICHA	125g / 4.4 oz	Green tea leaves are steamed and ground between two granite wheels and water is then added to the resulting powder. The final blend is dried into pine-needle shapes which offer a soft, slightly bitter, aromatic taste.
	MATCHA	65g / 2.3 oz	Often used in Japanese tea ceremonies, this tea's leaves were cultivated in the Uji-Kyoto prefecture and reduced to a fine powder with a stone grinder.

Green tea collection

Our **Green Tea Collection** uses the finest green teas available, in response to the **consumer's desire for enhanced well-being** through **natural products**.

Black Tea Collection - Origins and Blends

Our **Black Tea Collection** uses the finest black teas available to create the **classic tea recipes** that tea drinkers have become **accustomed to and seek**.

	ASSAM	Assam GFOP tea is cultivated on the banks of Brahmapoutre in India. The greenhouse effect created by the region's abundant rain produces teas classified among the best in the world. This tea has character and is rich in golden buds.
	DARJEELING THURBO	A high-grown black tea from North India with a clear, sparkling taste and a light aroma, Darjeeling Thurbo is of the highest quality grade, FTGFOP, meaning Finest Tippy Golden Flowery Orange Pekoe.
	ENGLISH BREAKFAST	This English Breakfast blend is a marriage of specially chosen teas from Ceylon and India, using cut leaves for a strong and satisfying taste.
	KEEMUN	Whole tea leaves, nicely rolled and prepared with much care, produce a red and sparkling drink, with a slight chocolaty flavour and a nice orchid fragrance.
	KEEMUN SUPERIOR	A high altitude tea from the province of Andhui. Keemun Superior has small, brow-shaped ebony leaves that produce a lustrous red liquor. This tea has subtle and slightly smoky aroma.
	KENYA MILIMA ESTATE	Composed of non uniform leaves and golden tips, this tea is considered Kenya's finest and most elegant. Can be compared to the finest Assam teas. Produces a bright liquor that is mellow and light in body.
	LASPANG SOUCHONG	With its full, long, twisted leaves, this classic tea has a strong, round aroma. To absorb a smoky flavour, the leaves are kept close to burning Chinese pine wood or cypress during preparation.
	NILGIRI	This black tea from southwest India is cultivated at altitudes of 1000 to 2500 meters above sea level. It creates a brilliantly refined tea liquor, with a round body.
	ORANGE PEKOE KEPPETIPOLA	Grown at about 1000 meters above sea level, this tea is known for its delicate aroma and great taste.
	ORANGE PEKOE DIMBULA	The best Dimbulas, such as this one, are picked during the dry season (January and February). A black tea made of long twisted leaves; its full-bodied infusion gives a dark and very aromatic drink.
	ORANGE PEKOE PETTIAGALLA	A black tea well known for its long, wiry leaves, the Pettiagalla is cultivated at an altitude of approximately 1000 meters above sea level, in the region of Balangoda. Its infusion is exquisite and very aromatic.
	PU ERH SUPERIOR	Pu Erh is cultivated in Xishuangbanna, fermented twice and aged. Its dark brown infusion offers a flowery, sweet aroma and powerful earthy taste. Pu Erh also aids digestion and lowers cholesterol.
	RUSSIAN CARAVAN	Russian Caravan, a specialty of Fujian province, is a blend of slightly smoked Chinese and Keemun black teas. With its strong smoky taste, it marries very well with milk.
	SZECHWAN	Szechwan tea has thin, golden-tipped leaves that produce a dark red liquor. Its almost-sweet bouquet and smooth texture give it its distinction.
	YUNNAN GOLDEN PEKOE	This exquisite tea is produced in very limited quantity each year and boasts a superb burnished gold liquor. A rich, smooth, malty tea, less earthy than most Yunnans, with a firm astringent finish.

Black Tea Collection - Flavoured

	ARCTIC FIRE	This blend of Chinese and Ceylon black teas is enhanced with tropical flavours, cornflower and sunflower petals.
	APPLE CRANBERRY	Chinese and Ceylon black teas blended with cranberry and apple flavours, apple bits, mountain berries and cactus flower.
	EARL GREY CLASSIC	A blend of Chinese and Ceylon black teas comes together with earl grey flavour, authentic spicy bergamot oil and cornflowers.
	DROP OF HONEY	Chinese and Ceylon black teas bathe in the essence of honey and are topped with chamomile flowers.
	KASHMIR NIGHTS	Chinese and Ceylon black teas entwine with apple, cinnamon, nutmeg and ginger flavours; romantic rose petals provide the perfect conclusion to the night.
	LEMON GINGER	The bold flavours of Chinese and Ceylon black teas provide the perfect counterpoint to ginger and lemon flavours, musky marigold and cactus flower.
	LEMON SUBLIME	Chinese and Ceylon black teas splashed with lemon and lime essences and stirred in with crispy lemon bits and orange zest for a fresh citrus blend that's simply sublime!
	MODEST MANGO	The bold touch of Chinese and Ceylon black teas blends beautifully with our tropical mango flavor and crispy mango bits.
	MONK'S BLEND	A blend of Chinese and Ceylon black teas splashed with delicious notes of vanilla, jasmine and bergamot along with an added touch of mallow flower and sunflower petals.
	MOROCCAN MADNESS	This blend of Chinese and Ceylon black teas is complemented by spearmint flavour and leaves.
	PEACHES & CREAM	Chinese and Ceylon black teas enjoy a smooth hint of cream, swirled in with delicious peach flavour and an added touch of rose and chamomile petals.
	ROYAL FRUIT	This blend of Chinese and Ceylon black teas is splashed with strawberry, cherry and blackberry flavours, then decorated with a touch of dried apple bits and rosehip petals.
	STRAWBERRY FIELDS	Summery strawberry essence contrasts beautifully with bold Chinese and Ceylon black teas, strawberry bits and rose petals.
	SWEET SPICY CHAI	Chinese and Ceylon black teas mixed in with chai spices, then sprinkled with safflower petals.
	VANILLA BEAN	Chopped vanilla beans bring a sweet touch to the bold notes of Chinese and Ceylon black teas and are accompanied by a bouquet of chrysanthemum and candied violets.
	VANILLA NUT	Chinese and Ceylon black teas combined with vanilla and macadamia nut flavours and an added touch of almond bits to create this tea's memorable taste!
	WILD CHERRY	The bold flavours of Chinese and Ceylon black teas are flavoured with sweet, tart cherry essence, then topped with mountain berries and pomegranate petals to create a deliciously scented finish.
	WILD RASPBERRY	Chinese and Ceylon black teas come together with raspberry fruit mix and hibiscus petals to create this blend's intense flavour.

Green Tea Collection - Origins and Blends

Our **Green Tea Collection** responds to the **consumer's desire for enhanced well-being** through **natural products**.

	ASSAM FATICHERA DECAF.	During the abundant and irregular rain season, a green house effect created in the atmosphere produces some of the world's best teas. Cultivated on the banks of Brahmapoutre, this Assam has a lot of character!
	BANCHA (CHINESE)	This Bancha originates from China and is known to have low caffeine content and be rich in catechin content. Slightly more astringent than the Japanese version.
	BANCHA (JAPANESE)	Originating from ancient Japan, Bancha is low in caffeine and has a rich catechin content which is said to be effective in reducing body fat. Its flavour is fresh and light.
	CHUN MEE	Chun Mee is a classic tea, named after its eyebrow shaped leaves. Its infusion provides a very mild and pleasant taste.
	GENMAICHA	Green Japanese Bancha leaves, mixed with Genmai hulled rice kernels and corn, produce a slightly salty, light-brown colored tea.
	GUNPOWDER TEMPLE OF HEAVEN	This superior-quality Chinese green tea with a distinct texture is found in Pingshui and neighbouring cities. Its leaves are rolled in the shape of small pellets, which once infused, offer a sharp and refreshing taste.
	HOJICHA	Hojicha is composed of roasted Japanese Bancha leaves that are steamed, dried with hot air and rolled. Its liquor is brownish in color, with caramel and woody notes. It is also low in caffeine.
	JASMINE FLOWERS	Jasmine flowers are picked and kept in a cool place. Tea leaves are then placed nearby for 4 hours to absorb the flowers' aroma in order to create a delicate, well-balanced taste.
	JASMINE PEARLS	These superior-quality Chinese green tea leaves rolled with fine jasmine buds create an exquisite taste. Watch the pearls unfurl as you steep them—pleasing to the eyes, nose and palate!
	KOKEICHA	Its tea leaves are steamed and ground between two granite wheels. Water is added to the resulting powder and the mixture is then dried into pine needle-like form. Kokeicha offers a soft, slightly bitter and aromatic taste.
	MATCHA #40	This Matcha # 40 is often used to season foods. Cultivated in the Nishio-Aichi prefecture, its leaves are finely chopped and reduced to a powder with the help of a stone grinder.
	SENCHA ASAMUSHI NO.20	This Sencha evokes the rows of cherry blossom trees that colour Japan's four seasons. The young tea buds, carefully picked from June to July in the deep mountainous area of Shizuoka, create a beautifully balanced bittersweet tea.
	CHINESE SENCHA (PANFIRE)	This Chinese green tea is cooked in a saucepan immediately after the harvest, to stop its leaves from oxidizing as well as to produce its classic taste.

Green Tea Collection - Flavoured

	ALMOND CRUMBLE	Chinese Sencha combined with sweet almond essence and almond bits create a sublime cup of tea.
	APRICOT PLEASURE	Chinese Sencha tea is blended with delicious apricot flavour, then combined with sunflower petals, chrysanthemum flowers and dried mango bits.
	ARCTIC FIRE	Chinese Sencha green tea is enhanced with tropical flavours, cornflower and sunflower petals.
	BLUEBERRY, POMEGRANATE & VIOLETS	Mild chinese Sencha green tea gets a fruity kick with blueberry and pomegranate essences, layered with the richness of whole blueberries and candied violets.
	CHINESE CHERRY GARDEN	The fresh flavour of chinese Sencha green tea and sweet, tart cherry essence, sprinkled with mountain berries and pomegranate petals for a taste of spring!
	CLASSIC EARL GREY	Smooth chinese Sencha green tea comes together with authentic spicy bergamot oil and is amplified by cornflowers.
	LADY IN BLUE (CHINESE)	Chinese Sencha green tea is blended with grapefruit and avocado flavours, then sprinkled with pomegranate and sunflower petals.
	LEMON GINGER	Gentle chinese Sencha green tea provides the perfect counterpoint to the zing of ginger and lemon.
	LEMON SUBLIME	Chinese Sencha green tea splashed with lemon and lime essences and stirred in with crispy lemon bits and orange zest for a fresh citrus blend that's simply sublime!
	MOROCCAN MADNESS	The fresh fragrance of spearmint essence and spearmint leaves complements the strong, smoky-sweet flavour of chinese Gunpowder tea.
	PEPPERMINT	This chinese Sencha green tea is complemented by rich peppermint flavour and fresh peppermint leaves.
	STRAWBERRY FIELDS	Summery strawberry essence harmonizes with mellow chinese Sencha green tea, strawberry bits and rose petals.
	VANILLA BEAN	Chopped vanilla beans bring a sweet touch to the chinese Sencha green tea along with chrysanthemum.
	ZESTY ORANGE	Chinese Sencha green tea paired with orange flavour and zest along with lemon balm leaves to create this teas delicious tangy taste!

Oolong Tea Collection - Origins

Our **Oolong Tea Collection** is ideal for your consumers seeking a **healthy alternative** while still enjoying the taste and effects of tea.

	GINSENG	It's believed that Ginseng has rejuvenating powers and provides stimulation to the entire body. Its root is known to help counter inflammation, fever and fatigue. Delicious when sweetened with a little honey.
	MILKY OOLONG	This Taiwanese tea produces a sweet and milky aroma. Its characteristics come from sudden climatic changes in the region where it's grown. In spite of its name, it contains no dairy products.
	SHUI HSIEN	The Shui Hsien leaves are exposed to intense oxidation and roasted for long periods of time. This process produces a strong-flavoured tea with a light, honey aftertaste. It is traditionally cultivated on Mount Wu Yi in Fujian.

White Tea Collection - Origin

Our **White Tea Collection** offers the perfect match of gentle tea leaves with subtle tastes of fruits and flower petals.

	PAI MU TAN	Pai Mu Tan is a rare white tea made of very fine, silky leaves mixed with small buds. The tea leaves are first steamed and then dried. It produces a fresh and very mild infusion.
--	------------	--

White Tea Collection - Flavoured

	VANILLA BEAN	A beautiful bouquet! Chopped vanilla beans bring a sweet touch to the delicate floral notes of Pai Mu Tan white tea, along with rose petals and chrysanthemum.
--	--------------	--

Spa Collection - Origins

Our innovative wellness **Spa Collection** uses the select herbal, fruit and spices to create a collection of naturally sweetened **caffeine-free, no calories beverages**.

	CHAMOMILE FLOWERS	Chamomile is one of the most widely used herbs for its calming properties. It is an anti-inflammatory that encourages digestion and boosts the immune system. Its taste is sweet and herbaceous.
	HONEYBUSH	Indigenous to the cape of South Africa, Honeybush is used to make medicinal tea and as a substitute for regular tea. It has a pleasant, mildly sweet taste and honey-like aroma. It is also naturally caffeine free.
	ROOIBOS (RED)	This caffeine-free, South African red herbal tea is from the Aspalathus Lionaris plant. Its red liquor resembles tea, and is rich in vitamin C and antioxidants.
	ROOIBOS (GREEN)	Contrary to the popular red Rooibos, this green Rooibos is un-oxidized thus boosting the levels of antioxidants. This naturally non-caffeinated shrub is solely cultivated in the region of Cederberg.
	YERBA MATE	This rich in vitamin C, South American herbal tea, was once used by the Incas for virtues that stimulated physical and intellectual health. It also provided them with a quenching and bitter drink.

Spa Collection - Flavoured

	CARIBBEAN DREAMS	Rooibos herbal tea dallies with our tropical flavours, while safflower and dried carrot pieces brighten the day and crispy lemon and passionfruit add a burst of sweetness and sun.
	FOUR FRUITS	Sweet and earthy Honeybush takes up with our four-fruit flavour blend and invites whole blueberries, strawberry pieces and mountain berries to come join the fun.
	RUBY RED	Honeybush herbal tea enjoys a sweet moment with the essence of strawberry; cranberry and pomegranate add a tart twist, topped with dried strawberry.
	STRAWBERRY MELON	Honeybush herbal tea blends happily with the sweet essences of honeydew and strawberry to create this summery splash.
	GRANNY'S GARDEN	A real fruit infusion, this combination of strawberries and rhubarb produces a naturally sweet drink that releases an aroma reminiscent of granny's garden.
	MANGO FLIP	This mango infusion produces a juicy, tropical and naturally sweet drink.
	SUMMER BREEZE	A real fruit infusion, this combination of raspberries and cherries produces a fresh, aromatic and naturally sweet drink.

Well-Being Herbal Tea Collection

This **100 % natural collection** made of the very best herbs, flowers, dried fruits, spices and essences is designed to inspire harmony with oneself.

 CONCENTRATION	This naturally-caffeinated Vanilla Chai flavoured Yerba Mate blend is designed to engage your senses making it the perfect addition to study sessions and hectic work days.
 SERENITY	Chamomile's soothing properties combined with subtle peach & vanilla aromas will guide your relaxation of the mind, body and soul. Caffeine-free.

Fruit Blend Collection

Our flavourful Fruit Blends are made of superior quality fruits and dried flowers chosen with care. **Naturally caffeine free**, these blends produces delicious infusions, hot or iced.

 RASPBERRY PEACH	A real fruit infusion, this raspberry and peach swirl will make your taste buds sing! Delicious served either hot or iced. Caffeine-free.
 VANILLA STRAWBERRY	A real fruit infusion, this classic vanilla and strawberry flavour combination is designed to bring comfort to your day. Delicious served either hot or iced. Caffeine-free.

COCONUT SUGAR

The latest sugar to arrive at Terra Coffee is harvested from the sap of coconut flowers and surprisingly enough, tastes similar to brown sugar with delicious caramel notes.

Due to being less refined than white sugar, coconut sugar contains more vitamins and minerals, including calcium and potassium.

Characteristics:

- ✓ Tastes similar to brown sugar
- ✓ Has a lower glycemic index than refined white sugar
- ✓ Contains more vitamins and minerals
- ✓ Great for baking and/or for sweetening your coffee
- ✓ Available in a bulk 25 kg format

COCONUT SUGAR

The latest sugar to arrive at Terra Coffee is harvested from the sap of coconut flowers and surprisingly enough, tastes similar to brown sugar with delicious caramel notes.

Due to being less refined than white sugar, coconut sugar contains more vitamins and minerals, including calcium and potassium.

Characteristics:

- ✓ Tastes similar to brown sugar
- ✓ Has a lower glycemic index than refined white sugar
- ✓ Contains more vitamins and minerals
- ✓ Great for baking and/or for sweetening your coffee

ESPRESSO MACHINE

RANCILIO SILVIA PRO

... The professional quality of Rancilio in your home.

Silvia Pro is the single group espresso machine with dual boiler technology designed for the home. It offers the performance, reliability and thermal stability of Rancilio's professional espresso machines, and carries over the ease of use and iconic design of Silvia. With two internal PIDs for temperature control, a digital display and two boilers for independent management of coffee preparation and steam delivery, the Silvia Pro is the ideal solution for the experienced home barista.

Electronic control over water and independent regulation of different temperatures for both coffee extraction and steam delivery are easily manageable. Two Proportional-Integral-Derivative (PID) controllers – located in the coffee boiler and the new steam boiler – keep the heat consistent and stable, offering extremely precise temperature stability, shot after shot. The Silvia Pro's impressive thermal stability puts it in the top class of domestic espresso machines.

Steam like a Pro with high powered steam delivery: cappuccino, macchiato and all espresso-based milk beverages can be made with ease with luscious foam and creamy steamed milk.

Digital display with settings menu, shot timer, temperature indicator, water alert. The power-on timer automatically switch on the machine after a preset period of time.

Stainless steel body, ergonomic portafilter, insulated boilers, multi-directional stainless steel steam wand, steam knob, brass brewing unit, adjustable in height cup tray. Rancilio commercial components and brewing technology in just 25 cm.

COFFEE MACHINE

AUTOMATIC COFFEE TAMPER

COMPAK®

Whether you're a home barista or working in a busy cafe, you have one thing in common, the number of variables that contribute to a great shot of espresso. One of the critical variables in tamping, a seemingly simple action of compacting coffee, can have detrimental effects on your coffee if done incorrectly.

Cube Tamp is Compak's newest automatic tamping machine. It has been designed using the most innovative technological systems. Manufactured entirely by hand, it follows the most demanding quality requirements. Only quality materials that are suitable for contact with food were used in its manufacturing process.

Cube Tamp departs from its predecessors with its rounded edge rectangular shape and compact size. It is the ideal electronic automatic coffee press for coffee shops that want to guarantee optimal extraction.

The default tamping force of Cube Tamp is 20 kg. This can easily be adjusted from 10 to 30 kg by simply pressing the buttons on the front panel. You can also change the units from kg to lb through the display screen.

Cube Tamp includes an induction sensor that automatically detects when a portafilter is inserted. The coffee tamp will then lower and exert the desired pressure.

Cube Tamp has been designed for consistency of pressing in all services. Its anti-adhesive tamping surface prevents residual grinds from transferring to the next tamp. With its user-friendly and functional features, it is the perfect tool for any barista or coffee lovers to have in their quest for the perfect cup.

Characteristics :

- Adjustable tamping pressure from 10 to 30 kg (22-66 lb.)
- Measure unit selection (Kg/lb.)
- Portafilter holder adjustable height to fit all types of portafilter.
- Manual cleaning mode
- OLED display with touch pad
- Enlightened tamping area

Specifications :

- Electrical: 100-120 volts, 60 Hertz, 15 amp
- Motor output: 65 W
- Compactor diameter: 53 - 54 - 58 – 58.3 mm
- Height x width x depth: 280 x 165 x 185 mm

Traditionally used to infuse Yerba Mate, this fruit grown on a Calabash tree must be cleaned otherwise the very first Mate infusions will be bitter. To clean it, you must fill it with boiling water and let stand 15 min. Then gently scrape the inner membranes with a spoon under running water (without removing the center root), rinse and let dry.

Preparation : Fill with 2/3 of dry Yerba Mate leaves. Insert the bombilla (straw), pour cold water to the top of the pile of leaves and wait for the leaves to absorb the water. Complete with hot water (70-80 ° C) . Do not stir and sweeten to taste. **Approx. dimensions (cm): 9 X 9 X 8**

MACHINE ESPRESSO GALILEO

GALILEO ESPRESSO MACHINE

Construit à la main dans l'atelier italien de BFC, le Galileo a été conçu et fabriqué pour être aussi pratique que possible, sans jamais compromettre la qualité que les gens attendent de l'entreprise familiale. Le BFC Galileo est doté d'un nouveau système innovant qui gère en permanence les niveaux de température et de pression pour s'assurer qu'ils restent à un niveau constant et optimisé, garantissant ainsi une stabilité thermique totale. Couplé à une chaudière en cuivre de haute qualité et à leur système de plomberie de marque, le Galileo est extrêmement économe en énergie et peut permettre à l'opérateur de faire des économies sur les coûts énergétiques. Dotée d'une technologie de pointe, d'une isolation éprouvée, d'une convivialité et d'un design résolument moderne, cette machine à café est à la hauteur du nom de Galileo, maître dans de nombreuses disciplines.

Hand-built in BFC's Italian workshop, the Galileo has been designed and crafted to be as practical as possible whilst never compromising on the quality that people have come to expect from the family firm. The BFC Galileo features an innovative new system that continuously manages temperature and pressure levels to ensure that they remain at a constant and optimised mark, ensuring complete thermal stability. Coupled with a high quality copper boiler and their trademark plumbing system, the Galileo is extremely energy efficient and can allow the operator to make savings on energy costs. Packed with cutting edge technology, tried and trusted insulation, user-friendly and a thoroughly modern design, this coffee machine lives up to the name of Galileo as a master in many different disciplines.

RANCILIO

MACHINE ESPRESSO SILVIA

SILVIA ESPRESSO MACHINE

La Silvia Pro est un modèle compact et stylisé qui offre la performance, la fiabilité et la stabilité thermique des machines à espresso de Rancilio, et reprend la facilité d'utilisation et le design iconique de la Silvia.

Le contrôle électronique de l'eau et la régulation indépendante des différentes températures pour l'extraction du café et la distribution de la vapeur sont facilement contrôlables. Deux régulateurs proportionnels-intégraux-dérivés (PID) - situés dans la chaudière à café et la nouvelle chaudière à vapeur - maintiennent la chaleur constante et stable, offrant une stabilité de température extrêmement précise. Affichage numérique avec menu des paramètres, minuterie pour l'extraction, indicateur de température, alerte d'eau. Le minuteur de mise en marche allume automatiquement la machine après une période de temps prédéfinie. Corps en acier inoxydable, porte-filtre ergonomique, chaudières isolées, baguette vapeur multidirectionnelle en acier inoxydable, bouton vapeur, groupe infuseur en laiton, plateau à tasses réglable en hauteur. Choix de couleur disponible: noir et inox.

Silvia Pro offers the performance, reliability and thermal stability of Rancilio's espresso machines, and carries over the ease of use and iconic design of Silvia.

Electronic control over water and independent regulation of different temperatures for both coffee extraction and steam delivery are easily manageable. Two Proportional-Integral-Derivative (PID) controllers – located in the coffee boiler and the new steam boiler – keep the heat consistent and stable, offering extremely precise temperature stability.

Digital display with settings menu, shot timer, temperature indicator, water alert. The power-on timer automatically switch on the machine after a preset period of time. Stainless steel body, ergonomic portafilter, insulated boilers, multi-directional stainless steel steam wand, steam knob, brass brewing unit, adjustable in height cup tray. Color available: black and inox.

COMPAK®

PRESSOIR À CAFÉ AUTOMATIQUE AUTOMATIC COFFEE TAMPER

Le Pressoir Cube Tamp est la toute dernière machine automatique de Compak. Il a été conçu en utilisant les technologies les plus innovantes. Fabriqué entièrement à la main, il répond aux exigences de qualité les plus strictes. Seuls des matériaux de qualité, adaptés au contact avec les aliments, ont été utilisés dans son processus de fabrication. Le Cube Tamp se distingue de ses prédécesseurs par sa forme rectangulaire à bords arrondis et sa taille compacte. C'est le presseur électronique automatique idéal pour ceux qui veulent garantir une extraction optimale. La force de pressage peut être facilement ajustée de 10 à 30 kg en appuyant simplement sur les boutons du panneau avant. Vous pouvez également changer les Units de kg à lb via l'écran d'affichage. Il est équipé d'un capteur à induction qui détecte automatiquement l'insertion d'un porte-filtre. Le presse à café s'abaisse alors et exerce la pression souhaitée. Le Pressoir Cube a été conçu pour assurer la constance du pressage dans tous les services. Sa surface de pressage anti-adhésive empêche les résidus de mouture de se transférer sur le prochain pressage. Choix de couleur disponible: noir et inox.

Cube Tamp is Compak's newest automatic tamping machine. It has been designed using the most innovative technological systems. Manufactured entirely by hand, it follows the most demanding quality requirements. Only quality materials that are suitable for contact with food were used in its manufacturing process.

Cube Tamp departs from its predecessors with its rounded edge rectangular shape and compact size. It is the ideal electronic automatic coffee press for coffee shops that want to guarantee optimal extraction. The tamping force can easily be adjusted from 10 to 30 kg by simply pressing the buttons on the front panel. You can also change the units from kg to lb through the display screen. Cube Tamp includes an induction sensor that automatically detects when a portafilter is inserted. The coffee tamp will then lower and exert the desired pressure. Cube Tamp has been designed for consistency of pressing in all services. Its anti-adhesive tamping surface prevents residual grinds from transferring to the next tamp. Color available: black and inox.

MACHINE À CAFÉ TERMORAPID

Termorapid Coffee Maker

La machine à café Termorapid permet de préparer en peu de temps un excellent café ou thé. Grâce à son système de filtration lente “Brevet Camurri”, l’arôme et le goût sont mis en valeur et se conservent à la perfection tout au long du service. Elle permet également de conserver la boisson à une température constante tout au long de la journée grâce au système de réglage thermostatique de la température.

Termorapid coffee machines make an excellent cup of coffee or tea in a matter of minutes whose flavour and aroma are enriched and maintained for as long as the machine is running thanks to Camurri’s patented slow filter system. The inbuilt thermostat guarantees the beverage temperature remains controlled for the time required.

GRINDMASTER

INFUSEUR À CAFÉ COFFEE BREWER

Infuseur à café GRINDMASTER PrecisionBrew® unique pour récipients à gravité thermique de 2,5 L (récipients à gravité vendus séparément). L'infuseur à gravité à commande numérique maintient la température d'infusion à +/- 1°F pendant tout le cycle d'infusion. La température de brassage, le volume de brassage, la pré-infusion/le brassage par impulsion définis par l'opérateur et la basse température/l'absence de brassage sont programmables à partir de l'écran frontal. Infusion pulsée/pré-infusion - Permet à la séquence d'infusion d'extraire jusqu'à 20% de solides dissous en plus par lot de café. Programmable : nombre de cycles, durée d'activation et de désactivation des cycles. La modification de la séquence d'impulsions n'affecte pas le volume d'infusion.

GRINDMASTER PrecisionBrew® Coffee Brewer, single brewer for 2.5 L thermal gravity containers (gravity containers sold separately). Digitally controlled gravity container brewer holds brew temperature to +/- 1°F throughout brew cycle. Brew temperature, brew volume, operator defined pre-infusion/pulse brewing, and low temp/no brew are programmable from the front display. Pulse brewing/pre-infusion - Allows brew sequence to extract up to 20% more dissolved solids per batch of coffee. Programmable: number of pulses, pulse-on time and pulse-off time. Changing the pulse sequence does not affect the brew volume.
