Your limited warranty does not include the cost of shipping parts back to Luxury Spas or to an authorized repair center. This warranty does not include costs incurred using non-authorized repair technicians. Customers must have written consent from Luxury Spas before proceeding with any repair that is to be reimbursed by Luxury Spas. In all

In such a circumstance, the customer shall be responsible for the cost of moving and installing the new spa into position.

Performance

The Customer must report any discovered fault with their spa to Luxury Spas within 10 business days. A Luxury Spas technical representative will then diagnose the issue over the telephone and may suggest possible solutions for the customer to attempt. If after these suggestions fail to resolve the issue, Luxury Spas will then arrange for a repair technician to visit the site. If the repair technician is sent out and discovers there is no issue, or the issue is not manufacturing related, then customer will be responsible for the service call. If a manufacturing related issue is discovered there is no charge for the technician visit. If the technician determines that any fault is not covered under this warranty, the customer is solely responsible for the cost of any parts and or labor charges.
