CAUTION:

- This product is intended for indoor use only. **DO NOT** immerse it in water or any other liquids. Ensure the unit is kept away from extremely cold or hot areas.
- The night light unit is fragile. Avoid dropping it on hard surfaces.
- The LEDs in this product are not replaceable, and there are no user-serviceable parts. **DO NOT** attempt to dismantle the product.
- Please charge the battery upon unboxing the light and after every 16 hours of use. Connect the USB cable gently and ensure it is correctly aligned to avoid damage.
- Never carry the product by the USB cord. Always handle the unit itself to move it.
- To safely place tealight candles inside the light, as depicted in our social media pictures, you must use the tealight candle holder available on our website. This holder has been tested and is a safe option. The night light's plastic jar is not heat-resistant and cannot withstand the heat from a candle's flame. We only approve the use of our metal tealight holders for this purpose. Using any other holders or placing the candle directly inside the jar poses a serious safety risk.
- To clean the exterior surfaces, use a soft cloth dampened with water. Avoid the use of solvents or abrasive cleaners to prevent damage.
