

## Jumper Cable with SH1.0 Connector

### Product Specifications

Product ID	Connector Model	Wire Gauge Size	Outer Diameter (mm)	Rated Voltage (V)	Color	Material
IC006	SH1.0-2P	30 AWG	0.8	5V	Black	PVC

### Introduction

- Used in conjunction with a power distribution board, it connects the SW0-4 of the power distribution board to connect the corresponding switch channels, thereby achieving the function of maintaining power in the corresponding channels.

### Consideration

- Please hold the connector when plugging and unplugging, and avoid pulling the wires forcefully to avoid the wires being detached from the connector.

### 介绍

- 搭配分电板使用，连接分电板SW0-4接口，用于将对应开关通道联通，进而实现对应通道常电的功能。

### 注意事项

- 请手握连接器进行拔插，请勿大力拖拽导线，以免导线从连接器脱出。
