Bitiron is a synthetically derived thyroid hormone replacement preparation. It consists of levothyroxine sodium (thyroxine, T4) and liothyronine sodium (triiodothyronine, T3) in a 4 to 1 ratio by weight. Liotrix was developed when it was believed that serum levels of both T4 and T3 were maintained by direct thyroidal secretion. It is now known that the thyroid gland secretes approximately ten ... Visit our steroid shop and buy Bitiron with delivery In thyroid therapy, how many micrograms of Cytomel (T3) are 25 mcg of L-T3 = 100 mcg of L-T4; 50 mcg of L-T3 = 200 mcg of L-T4 about L-T3 and L-T4 dosing, and they are sending mixed messages to but you can see the many footnotes on their equivalency table above.
