

Residential Tech Today Honors 2023 Innovation Award Winners

The Residential Tech Today Innovation Awards Coincide with CEDIA Expo 2023

Denver, CO — Sept.1, 2023 —Residential Tech Today has determined the winners of its 2023 Innovation Awards, which honor products for going above and beyond as solutions for every-day tech home challenges and for helping serve the comfort and lifestyle wants and needs of homeowners. There’s no better time than now to shine a light on these innovative products that have been developed for the home environment. The Residential Tech Today Innovation Awards coincide with CEDIA Expo 2023, to be held Sept.7-9, 2023, in Denver, CO.

“We were truly impressed by the high quality of entries for our first-ever Innovation Awards,” said Residential Tech Today Executive Editor Jeremy Glowacki. “These winners deserve credit for pushing the industry forward in providing better and more efficient ways to improve the experience of homeowners through technical innovation.”
