

CONTENTS

Introduction IX

Application installation and description XV

PART 1 1

CHAPTER 1

Program the robot to move 3

CHAPTER 2

Teach the robot to turn15

CHAPTER 3

Teach the robot to turn with a gyroscope31

CHAPTER 4

Program with the Force Sensor49

CHAPTER 5

Program with the Distance Sensor.....59

CHAPTER 6

Program with the Color Sensor71

CHAPTER 7

Make a calculator89

CHAPTER 8

Learn about lists 103

Part 1 evaluation sheet answers 119

PART 2 123

Chapter 9
My Blocks 125

Chapter 10
Variables and sensors 135

Chapter 11
Cruise control 147

Chapter 12
Acceleration..... 155

Chapter 13
Black line follower 167

Chapter 14
Move straight using a gyroscope..... 179

Chapter 15
Calculator plus 195

Chapter 16
Parallel programming 207

Part 2 evaluation sheet answers 223

PART 3 229

Chapter 17
Program the robot to move 231

Chapter 18	
Teach the robot to turn	239
Chapter 19	
Teach the robot to turn with a gyroscope	245
Chapter 20	
Program with the Force Sensor	255
Chapter 21	
Program with the Distance Sensor.....	263
Chapter 22	
Program with the Color Sensor	269
Chapter 23	
Program with functions.....	281
Chapter 24	
Program with lists	289
Chapter 25	
Advanced codes	299
Part 3 suggested activities.....	307
