Jack Herer autoflowering strain is an easy plant to grow and I have seen great results from indoor and outdoor grows as well as some low light balcony grows and even first time growers can get a decent yield from this plant. Growing weed to me is like taking care of myself. My mind is like scrambled eggs because of seeing too many bad things. If I don't take care of my plants they will die. If I don't take care of myself I will become sick. It's just a fact I had to accept. Weed helps me take care of myself. It's a metaphor for life. If the weed is happy means I am too. Hi i started a few Jack herer auto plants 3 months ago. I am growing them in a watered down version of super soil. I started them indoors using peat pots then on to 2 liter pots then transplanted into 5 gallon sand bags with drainage holes at the bottom. I made mistakes along the way like...
