- Automatic draft control
- Enamelled oven complete with grill and dripping pan
- Grate adjustment lever
- Oven temperature control by smoke flap
- Wood storage pan
- Efficiency: Up to 88.2% (EUROPEAN)*
- Wood consumption: 4.7kg/hr @ medium burn rate

Bosky "Ready to Start" Line

The Bosky "Ready to Start" line of hydronic cookers give you the ability to easily connect your cooker to the home hydronic system. The standard equipment that makes this possible is the inclusion of the Circulator, Safety Valve, Safety Exchanger and the Expansion Tank for closed vessel installations. This can be used to heat radiators, flooring, towel racks, swimming pools and hot water for your house depending on how your hydronic system is configured. The Bosky line of products are the ideal solution to face the winter in tranquillity exploiting a maximum heat yield through your entire home with minimal energy consumption all while you cook your families favourite meal.

Flue Specifications

Diameter	150mm
Centre of flue to rear of fire	149mm

Clearances

Combustible Rear Wall

Side Clearance	300mm
Rear Clearance	300mm
Front Clearance	800mm

Front Hearth	500mm
Min. Hearth Width	1100mm

XXL

The strict manufacturing standards and the high quality of raw materials, grant higher heat accumulation and stable durability of the fire box and other components.

Easy Cleaning

The wide ash pan and the obvious inspection points make maintenance easier keeping the efficiency of the firebox at its highest levels.

Smoke By-Pass

Smoke by-pass technology reduces smoke entering the living zone with every wood load by redirecting exhaust to the rear of the fireplaces using the sliding control.

Enamelled Oven

Enamelled oven complete with grill and dripping pan.

Hot Plate

Incorporates practicality and hygiene with the easy to clean hotplate to heat your food.
