

SQUATCH ROPE™

ECO-FRIENDLY CAMPING
FIRE STARTER ROPE

- 6" Wind Proof, Water Proof, Non-Toxic & Eco-Friendly Fire Starter Rope
- Assembled in the US and made from all-natural hemp, one of the "greenest" materials known to Bigfoot. Our fire starters are better for the earth and the woods than cotton alternatives
- 101-year shelf life; up to 50 fires from one rope. Cut what you need, save the rest!
- Wet, dry, warm, or cold, you will have a bonfire in seconds! Works with lighters, matches, or ferro rods
- Save the Squatch - Leave no trace: pack it in, pack it out. Never leave fires unattended and always make sure they're fully extinguished.
