The Essence of soil

“Nurturing Nature, Enriching Lives”

About Rajamudi Organics

Rajamudi Organics Pvt Ltd is the epitome of a timeless confluence between traditional agrarian wisdom and modern sustainable practices. Our inception was inspired by the desire to rejuvenate and uphold India's cherished grains, spices, and organic offerings. Our standout gem, the Rajamudi rice, once a royal staple in Karnataka, encapsulates our ethos. But our repertoire is expansive, from aromatic spices, nurturing herbals, and vital pulses, to natural sweeteners and convenient ready-to-cook assortments. Each product is a testament to our commitment to quality, purity, and sustainability, verified by esteemed certification standards like NPOP and US NOP, COR, and EU.

Our Mission

"At Rajamudi Organics Pvt Ltd, our mission is to breathe life into the rich tapestry of India's agrarian legacy by bridging the gap between timeless traditions and contemporary needs. We are dedicated to curating and delivering products that not only uphold the purity and essence of our land but also resonate with global sustainability and health paradigms. Our endeavor is to consistently ensure that every grain, spice, and product that carries the Rajamudi name stands as a beacon of quality, authenticity, and trust. As we journey forward, our commitment remains unwavering: to celebrate, nurture, and share the unparalleled wealth of India's agricultural heritage with the world, one harvest at a time."

Quality Certifications

We take great pride in being a 100% certified organic company. We have gone to great lengths to obtain certifications from leading authorities in the organic food industry, including fssai, India Organic, Jaivik Bharat, and USDA Organic.
