

**Your source
for all your electronic
production tools & supplies**

**Family owned & operated
since 1999
Technical, Fast & Flexible**

Major Product Categories:

- ▶ Solder Materials
- ▶ Soldering & Rework
- ▶ Static Control
- ▶ Workstations & Chairs
- ▶ Cleaners & Aerosols
- ▶ Tools
- ▶ Inspection & Magnification
- ▶ Material Handling & Storage

Services:

- ▶ Solder Dross Reclam Program
- ▶ ESD Surveys & Assessments
- ▶ Solder Analysis Testing
- ▶ Solder Paste Profiling
- ▶ Table Top Exhibits
- ▶ Solder Tip Maintenance Training
- ▶ Chemical Audits
- ▶ Lunch & Learn Product Training

Soldering Aids

APR

ADVANCED PACKAGE REWORK

- Advanced Package Rework for BGA & SMD.
- Top & bottom convection technology.
- Automated or manual units.
- Standard and Extra-Large PCBA size.
- Re-balling kits.

Vision ENGINEERING

Lynx EVO

- 3D depth perception with 2.7x – 240x magnification
- No eyepieces to adjust!
- High speed Dynascope technology
- Superior ergonomics

EVO CAM II

- HD Digital Scope up to 760x
- 30:1 optical zoom range up to 9000x
- Large field of view & long working distance
- Measurement capabilities

HAKKO

- HU-200 Robotic Soldering Sy
- Integrated power supply & wire feed modules
- Joystick control
- Fast, easy tip changing proce

Weller

- WTBR Soldering Robot
- Double-drawer system allows for continuous production
- Easy to operate software
- Fully-enclosed system for user safety

QUALITY ASSEMBLY TOOLS

- DPF-300 manual router & depaneling system
- Easy change-out milling heads and spindles

Nederman

- Portable, mobile & compact extraction units
- Wide variety of extraction arms
- For use in welding, fume/gas extraction, combustible dust collection
- Service hose reels for air, water & oil

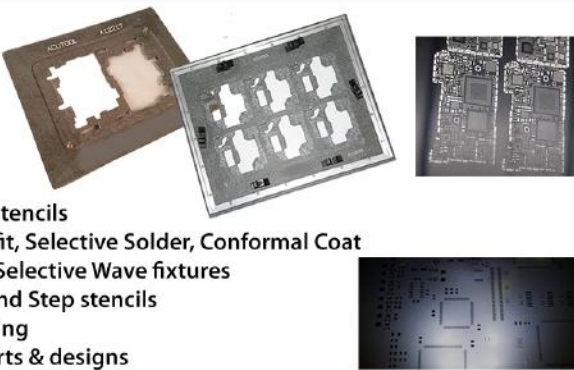

Baron Blakeslee

A Wholly-Owned Subsidiary of Service Filtration Corporation

- Industrial cleaning equipment
- Vapor degreasers, airless vacuum vapor & open top degreasers
- Compatible with halogenated, hydrocarbon & modified IPA solvents
- Made in the U.S.A.

- Tooling & Stencils
- SMT, Pressfit, Selective Solder, Conformal Coat
- Routing & Selective Wave fixtures
- Laser cut and Step stencils
- Laser welding
- Custom parts & designs

- Material Handling Solutions
- Single, dual & MSD component storage and kitting carts
- Manage WIP inventory/total production inventory control
- Intelligent single package/single location management solutions

SEIKA

- Malcom RCX-1 Reflow Profiler
- Observe & record video of your PCB!

- McDry Ultra-Low Humidity MSD Storage Cabinets
- All models maintain 1% RH
- Conforms to IPC/JEDEC j-STD & IPC-1601 guidelines

- Sayaka PCB Router
- Table-top, in-line & standalone systems
- Hi-speed (60,000rpm) spindle
- Easy to learn and operate
