STYLISH DESIGN FOR LITTLE DREAMERS

COLLECTION 2023

About Us

Behind the Jabari shop is a history of more than 60 years, which began in the 1960s. At that time, the carpenter Ahmad Jabari founded a traditional company for upholstered furniture in Aleppo, Syria. Here, he designed and produced high-quality furnishings for the upscale market and was very successful.

It took only a few years to significantly expand the trade and the upholstery workshop grew considerably in size. In 2000, the workshop area already exceeded the 5,000 m² mark, making the company one of the largest of its kind in the whole of Aleppo. Here, the more than 50 employees not only produced upholstered furniture, but also many high-quality furnishings for kitchens, dining rooms and bedrooms.

The two sons of Ahmad Jabari Moutaz and Mohammed have been operating their own upholstery workshop, Marya, in Berlin since 2018. With this, they offer private and commercial customers many services related to the upholstery and reupholstering of furniture. In parallel, they sell high-quality furniture pieces for every need with Marya Möbel. With the Jabari Shop, they now also cover the area of children's and baby beds with high-quality products.

Mohammed & Moutaz Jabari

The traditional Berlin-based Marya Möbel GmbH of the brothers Moutaz and Mohammed Jabari is once again expanding its product range with the Jabari 2023 brand and now offers its customers a large selection of high-quality baby and children's beds that carefully combine traditional and modern style concepts.

The new Jabari collection, named after the surname of the two company owners, comprises five baby cradles, four baby beds and six children's beds, which are not only characterised by their innovative material combinations, luxurious upholstered look and premium quality. They feature reliable stain protection, are water and oil repellent, breathable, antibacterial and easy to clean. In addition, Moutaz and Mohammed Jabari place a lot of emphasis on sustainability, which is reflected in optimised supply chains and regional Oeko-Tex-approved materials.

“All our products are 100% handmade in Berlin.”
