

RADIANT™ WIRED HEADLIGHT

RADSYSM6

Key Features

- Fits All Loupe Systems: Slim, Small, Lightweight
- Brightness - Up to 4352 Foot Candles
- Cool to run, touch - little heat emitted
- Precision Intensity Controls - Saves Battery Life
- Crisp, Uniform, Round Spot and Illumination Over Run Time
- Lithium Ion Battery Pack, Low Battery Warning

This incredibly lightweight and compact design provides you focused illumination in a uniform and well-defined round spotlight covering your field of view. Intensity controls enable you to choose the desired brightness and runtime of up to 40 hours. The large central button facilitates an effortless On/Off switch. This revolutionary LED headlight renders colors with dramatically more accuracy and greater fidelity, delivering true-to-life tones. Experience clarity and enhanced visibility with the Q-Optics Radiant Wired Headlight System.

Weight	Headlight	5.61 grams
	Battery	6.5 ounces
